

Kyle Borrow Pit: Kyle Borrow Pit gate will be opened starting on Monday November 13, 2023 through Sunday, November 19 from 8 a.m. to 4:00 p.m. Fuelwood consists 100 cords of seasoned ponderosa pine that is cut and split and 100 cords in the form of whole logs that would need to be cut down to size for transport. Trailers and chainsaws, if needed, **ARE** allowed. **See Figure 1.**

Directions: From Las Vegas take Exit 96 off Highway 95 heading west up NV State Route 157 (Kyle Canyon Road). Around 16 miles up NV State Route 157 turn south onto Forest Road 531A through the opened gate. The Kyle Borrow pit is located quarter mile down the 531A road.

Coal Spring: Fuelwood collection at Coal Springs Units will be open starting November 13, 2023 through Sunday, November 19, 2023. Fuelwood consists of various sizes (approximately 4"-20" in diameter) of downed pinyon and juniper. Chainsaw are required to cut pieces down to a manageable size. Wheelbarrows are permitted to carry wood to your vehicle. Trailers are allowed, but the area is one way in and out and turnaround locations are limited. The boundaries of the cutting unit will be identified with flagging and signage (See attached map of site location and boundaries). There are approximately 20 cords at this location. Please be mindful of private property. **See Figure 2.**
