PRODUCT DETAILS

FLOOD® PRO Semi-Transparent / Semi Opaque(100 VOC) protects wood from moisture and sun damage while adding a rich, beautiful color that enhances the wood grain. It features E-B EMULSA BOND® adhesion technology and is recommended for use on any properly prepared exterior wood, including decks, fences, railings and other wood surfaces. Apply to new, dry, pressure-treated wood, uncoated new or weathered wood, or previously coated wood with a weathered, clear sealant or semi-transparent stain.

FEATURES: Protects Against Damage from UV Rays, Provides Rich, Subtle, Fade Resistant Color, Provides Excellent Adhesion and Penetration.

PREPARATION: Surfaces must be dry and clean. Remove all dust, dirt, mildew, oil, loose **wood** fibers and other contaminants. Remove loose, peeling **stain** or paint by sanding, scraping or wire brushing. To ensure proper adhesion, weathered, dirty or mildewed surfaces should be cleaned with **FLOOD Wood Cleaner** prior to applying **stain**. After rinsing, allow **wood** to dry.
