

ANHPEHRA BOARD MEETING
February 13, 2025

Present: Melissa Fazlic, Carol Kilmister, Karen Clough and Karen Blow.

The meeting was called to order at 2:00 p.m.

Melissa wanted to have a short meeting to review details around the AI Training that Sam has been able to organize with Melanie McDonough, Chief Innovation & AI Officer, at the City of Lebanon. Carol has posed the question earlier if Primex was hosting. Sam had mentioned she thought Melanie would be the zoom host but Melissa will confirm with Sam and they can work out the details. Melissa also does not mind hosting and she will send information out through the listserve and members can sign up with a google form. If they can't access a google form the information will note to email Melissa.

Once Melanie has an outline of her presentation Melissa will put together a flyer and will coordinate with Sam to get it onto the website.

We agreed to have the presentation on March 12th at noon.

Meeting adjourned at 2:15.

Karen Clough, Secretary
