Connect youth teams/organizations in need of funds with funding through our Sponsorship Program, and earn up to \$150 for every account you bring in, upon completion of each group's initial 30 day campaign.

**YFL** realizes that many groups do not have sufficient funds to begin their fundraisers, since most fundraisers require groups purchase a product to sell. In fact, lack of funds is the reason most groups are fundraising in the first place. Well, we've eliminated that worry.

**YFL** offers a "No Money Up Front" policy, making it easy and free for teams/organizations to raise the funds they need.

**YFL** is committed to supporting youth organizations across the country, and we thank you for your interest in doing the same.

As we help groups across the country achieve their goals, we also look forward to helping you achieve yours!
