# The NARR Standards have been recognized by the Michigan OROSC office.

MARR reviews the following domains:

Administrative  
Operations

Physical  
Environment

Recovery  
Supports

Good  
Neighbor

MARR also provides technical assistance for recovery residence operators including MAT inclusion.

## **TREATMENT TECHNICAL ADVISORY #11**

**SUBJECT:** Recovery Housing

**ISSUED:** July 31, 2015

**EFFECTIVE:** October 1, 2015

**PURPOSE:**

To provide guidance to the field on developing and supporting recovery housing for *Prepaid Inpatient Health Plans (PIHPs)* and interested programs.

### **Recovery Housing Standards**

After careful consideration of the options available, OROSC has come to the determination that the levels of recovery housing and standards identified by *NARR* most closely fit the vision of recovery housing for Michigan.

- Level I - Peer Run
- Level II - Monitored
- Level III - Supervised
- Level IV – Service Provider

## Recovery Housing Standards Cont.

The Following are samples of the standards identified by NARR; they are representative of the interests and activities that OROSC supports. Recovery residence must:

- Identify clearly the responsible person(s) in charge of the recovery residence to all residents.
- Collect and report and accurate process and outcome data for continuous quality improvement.
- Maintain an accounting system that fully documents all the resident's financial transactions
- Use an applicant screening process that helps maintain a safe and supportive environment for a specific group of persons in recovery
- Foster mutually supportive and recovery-oriented relationships between residents and staff through peer-based interactions, house meetings, community gatherings, recreational events and other social activities
- Encourage each resident to develop and participate in his/her own personalized recovery plan
- Provide non-clinical recovery support and related services
- Encourage Residents to attend mutually supportive self-help groups and/or outside professional services
- Maintain the interior and exterior of the property in a functional, safe and clean manor that is compatible with the neighborhood
- Provide rules regarding noise, smoking, loitering and parking that are responsive to a neighbor's complaints.

# Site Reviews

- Site reviews occur after all documentation has been received and inspected
- Site reviews fall under Section 2 of NARR Standards 'Physical Environment Domain'
- Site reviews occur once a year or at random
- Cost is \$300 per RR with 16 beds or less with an additional \$20 per bed over 16.
- MARR is SOR Grant funded

# Top 4 Reasons to Become Certified

- National recognition and best possible care for your clients
- Added to our referral list of accredited operators and reserve the rights to the MARR/NARR Certified Residence Logos
- Government Funding Opportunities
- Higher sobriety percentages and better scientifically proven outcomes based on the social model

Certified Residence

Certified Residence

## The Social Model:

Emphasizing the process of learning through “doing” and “experiencing” and providing positive role models.

# MARR ACCREDITED OPERATORS

Various PIHP's and CMH's have required MARR certification for eligibility to receive state funding for resident's first 60 days in a recovery residence.

To view our full list of operators, click on the Accredited Operators tab of our website.
