ABOUT

Chris Matthews, raised in the woodlands of Central Oklahoma, draws from a life shaped by ranching, corruption, and the unforgiving landscapes of Indian Territory to craft a distinctive “gothic country” sound. His songwriting reflects a wide spectrum of influences, from Americana storytellers like Chris Knight to alternative rock acts like the Deftones and Stone Temple Pilots, and even hip-hop innovators like Mac Miller. This blend of inspirations fuels his ability to balance raw, emotional storytelling with melodic complexity and Mellencollie-inspired guitar work.

With a “dirt under the nails” edge and a commanding sense of atmosphere, Matthews delivers music that is at once rugged and introspective, haunting and energetic, securing his place in the modern Americana scene.

Whether performing in intimate venues or larger stages, his performances captivate audiences, giving listeners a fully immersive experience of his dark, gritty, and authentic musical world.
