

# UNITE

YOUR TEAM

WHY DRESS LIKE AN AMATEUR  
WHEN YOU WORK AS A PRO?

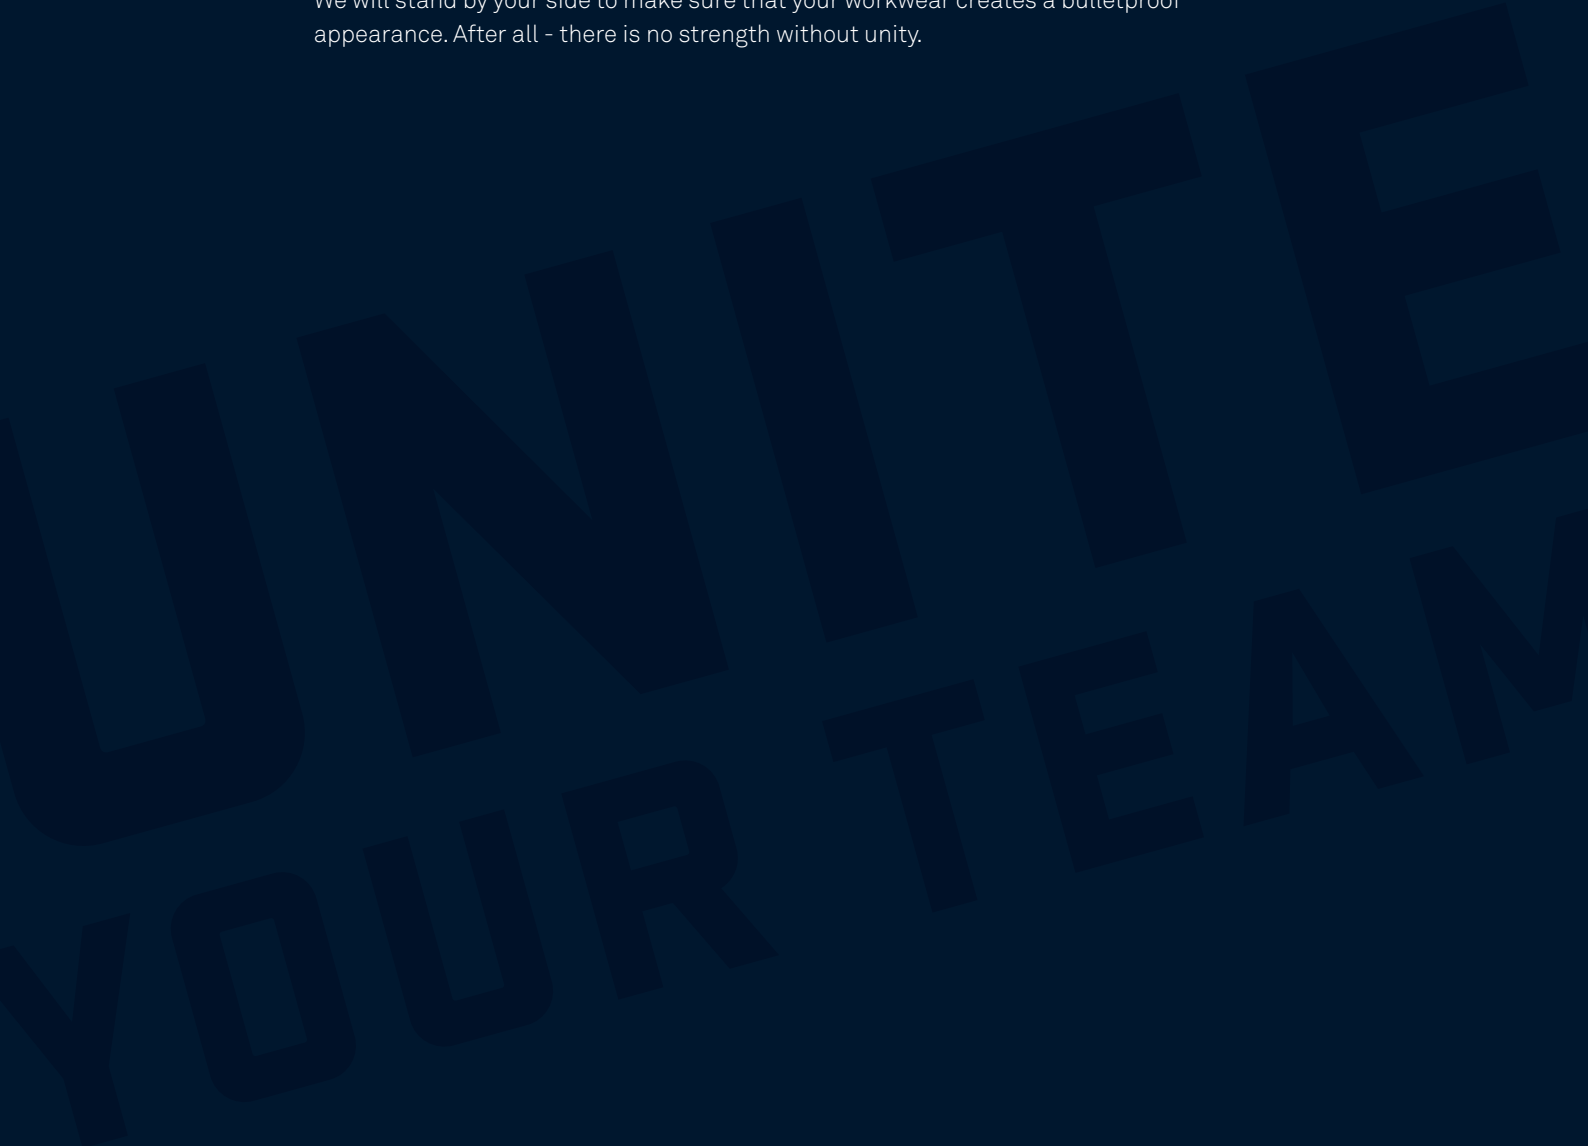

# PROFILING WORKWEAR TO PUT **YOUR BUSINESS AHEAD** **OF THE GAME**

Let's face it: we judge each other by the appearance of the clothes we wear. No matter if you're a bank manager, a football pro or a professional plumber – you deserve to look your best at work. That's how we see it, anyway.

Workwear is what we do best at Blåkläder. Now we have created a brand new line for professional workers who want to unite their team.

The concept is simple and straight forward: Sharply dressed co-workers create an atmosphere of confidence and professionalism which will bring more business to your company.

We will stand by your side to make sure that your workwear creates a bulletproof appearance. After all - there is no strength without unity.

## YOUR **IMAGE** – OUR **CONCERN**

Your workwear says a lot about who you are – both as professionals and as a company. Why not do a little extra and embroider or print something on your work wear that suits your profile? Allow us at Blåkläder to make sure that you'll get really great looking uniform company clothes – in the way you want them.

### **TRANSFER**

A transfer is printed on the garment by using heat and pressure. Useful on most of our garments.

### **EMBROIDERY**

Embroidered garments give that exclusive impression and are sustainable and washable. Useful on most of our garments.

### **SPECIAL SERVICES**

Finally, but equally importantly, we also offer special services such as extension or shortening of trousers, sewing of reflective tapes, personal packaging and customisable details and colours.

### HEAT TRANSFER

Heat transfer is a cost efficient way to make your company logo visible. It's easy to apply and also works fine on water proof garments as well as smaller pockets where embroidery is not recommended.

### EMBROIDERY

Profile yourself and your business with an exclusive and professional impact with embroidered company logo or name embroidery.

### NAME AND TEXT TRANSFER

We can now offer smaller editions of name and text transfers with our new plotter writer. Ideal for chest transfer (name) or back transfer. Choose between black or white text.

### PATCHES

Sewn on patches or Velcro patches are getting more and more popular and are very easy to use. On request we can sew on name patches on garments, or if several people wear one item of clothing, the name can simply be changed using a Velcro patch instead.

### LENGTHENING/SHORTENING

Despite our extensive range of readymade work trousers, they can sometimes be too long or too short. Blåkläder has its own workshop where we can lengthen or shorten your trousers on request.

# ABOUT BLÅKLÄDER

We've been making professional workwear since 1959. Today Blåkläder is one of Sweden's leading producers of heavy working clothes. Our goal is to manufacture products that make your work more comfortable, easier and safer. Clothing that can take a beating. We regularly test our raw materials to ensure excellent quality at all times. Our lab tests wear and tear, rip and pull resistance, colorfastness and shrinkage.

## YOUR CLOTHING – YOUR BUSINESS CARD

A professional craftsman links his name like professional workwear. Therefore your logo should not be missing. In the end, your workwear is your business card when you're at the customer. For workwear who bear the image of the company, Blåkläder provides an "in house" -service for printing and embroidery.
