Certification of No Changes to Initial Lead Service Line Inventory Submission

For Submission to Montana Department of Environmental Quality

Public Water Supply (PWS) name: Clinton School
PWSID #: MT0000824
Mailing Address: Po Box 250
City/State/ZIP: Clinton, MT 59825
Phone: 406 825-3113
Email: cperry@clintoncougars.com
Date: 10/1/26

To: Montana Department of Environmental Quality

I hereby certify on behalf of the above-named Public Water System that, after review of the system's records, distribution system information, construction activities, maintenance activities, customer service line information, and any other relevant documentation available since submission of the Initial Lead Service Line Inventory, there have been **no changes** to the previously submitted Initial Lead Service Line Inventory.

The Public Water System affirms that:

1. No newly identified lead service lines (LSLs) have been discovered;
2. No galvanized requiring replacement (GRR) service lines have been identified or reclassified;
3. No service line material classifications have changed since the last submitted inventory;
4. No service line replacements or updates have occurred that would require revision of the inventory; and
5. The currently submitted Initial Lead Service Line Inventory remains accurate and complete to the best of the system's knowledge.
6. Connector and address information is included in first submission

The Public Water System understands that if future information becomes available affecting the accuracy of the inventory, the inventory will be updated and submitted in accordance with applicable state and federal requirements.
