Guidance on Race/Ethnicity Montana Office of Public Instruction (OPI)

In accordance with new standards issued by the U.S. Department of Education (ED), schools across the nation must revise how they collect and report race and ethnicity for students. These revisions will make educational data consistent with the U.S. Census and other national data sets. The change in reporting is intended to make demographic information more accurate and to account for people who identify themselves as being part of more than one race in our diverse American society. This change is not optional for states. State educational agencies, local educational agencies, postsecondary institutions, and other educational institutions and Department grantees are required to report racial and ethnic data to the Department. All must use the categories set forth in the ED's 2007 final guidance starting with information for the 20102011 school year. The new standards make a separate distinction between race and ethnicity. Hispanic/Latino is considered an ethnicity, not a race. In general, the Census Bureau defines ethnicity as the heritage, nationality group, lineage, or country of birth of the person or the person's ancestors. People who identify their ethnicity as Hispanic or Latino may be of any race. Individuals will have the opportunity to select multiple races to more fully describe their heritage. Montana law 20-9-309(2)(g) MCA authorizes the OPI to collect race/ethnicity data. Funding is allocated to districts based in part on reporting student racial/ethnic data. Federal education funds are allocated using aggregate data reported to the U.S. Department of Education (ED). Some state funding, such as the American Indian Achievement Gap Payment, is also tied to demographic data.

Identify the ethnicity and race of the individual by answering **BOTH** questions below:

Part 1.

Is the individual Hispanic or Latino? *(Choose only one)*

- No, not Hispanic or Latino
- Yes, Hispanic or Latino *(A person of Mexican, Puerto Rican, Cuban, South or Central American, or other Spanish culture or origin, regardless of race.)*

Part 2.

What is the individual's race? *(Choose one or more races below)*

- American Indian or Alaska Native** *(A person having origins in any of the original peoples of North and South America, including Central America, and who maintains tribal affiliation or community attachment.)*
- Asian** *(A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, Vietnam and Laos.)*
- Black or African American** *(A person having origins in any of the black racial groups of Africa.)*
- Native Hawaiian or Other Pacific Islander** *(A person having origins in any of the original peoples of Hawaii, Guam, Samoa or other Pacific Islands.)*
- White or Caucasian** *(A person having origins in any of the original peoples of Europe, the Middle East or North Africa.)*

Is English the primary language spoken at home? (circle) **Yes** or **No**, please specify: _____
