REFRESH with Reflôr

ABOUT US

An environmentally conscious flooring resource, Reflôr offers a full scope of flooring products for new and refurbished spaces.

Specializing in sustainability, our comprehensive process focuses on maximizing material usage and minimizing waste. Our brands adhere to LEED requirements and Greenhealth approved.

REUSE EXISTING RESOURCES
RECYCLE MATERIALS
REDUCED CARBON FOOTPRINT
RESTORE & REFRESH REAL ESTATE

REFRESH with
Reflôr

Our method offers a unique and sustainable process to update existing architectural interiors.

Replacement of existing floors and walls is fast & cost effective through our exclusive Furniture Lift system.

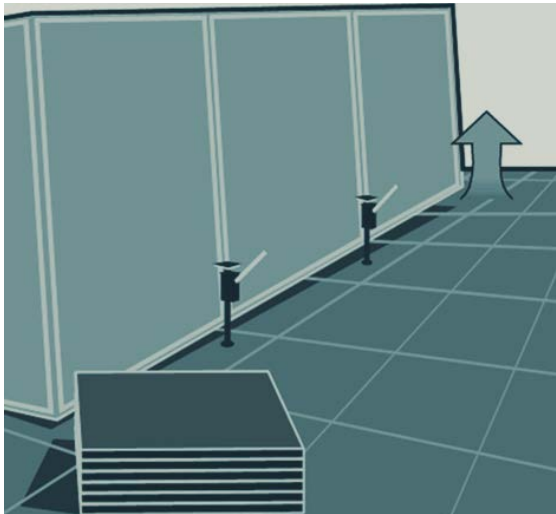

Refresh with Reflôr in a fraction of the time.

Refresh with Reflôr in a fraction of the time.

Our system is the least disruptive and most cost effective approach to updating floors and walls in an occupied space. Using our furniture lift system there is no requirement to dismantle or move furniture, it even keeps the IT infrastructures in tact. With full protection of the existing furniture, we are able to refresh & paint walls. Save time, money and the hassle of moving furniture then reassembling, with Reflôr.

Full service refurbishing for floors & walls

- Space surveying
- Design development
- Product specification
- Budgets, proposals, and invoicing
- Project management
