Or, you are going to see my picture next to *“Chronic Pain and Trauma (CPT)!” I Love Life,* nevertheless, have you, a friend or family member know of, or had the pleasure of meeting: *“TBI, CTE, Chronic Migraines, Chronic Pain, Chronic Arthritis, Chronic Inflammation, Trauma, etc.?”* Ever have the chance to sit or lay with; *“Pain and Trauma for twenty-five plus years, twenty-four hours a day attacking your body by the nanosecond daily? Where sleep is cumbersome at best? ‘What if it was you or your family having to endure pain per malevolent acts?’”*

I am going to be as brief as possible. Heretofore, something I learned while being a *“Certified Mediator for the Superior Courts of California,”* is Judges, law clerks, secretaries state: *“Briefs are anything but brief, but they’re as boring as watching paint dry,”* unless that is your sort of thing ;)”

Though not a brief, nor a book and definitely not by a dave (more hereafter) this will give you a basic idea of the Anti-Life the intentional demonic pestiferous malfeasance that I go through every time that I am living in, or around Westminster, CO. As opposite and conflicting to when I have lived from Corona Del Mar to Los Gatos CA; Biscayne Bay, FL; N. Dallas, TX etc. Where I have had low-turnover, volunteered and helped many per Maslow’s needs of hierarchy, a universal difference.

“...A sacred obligation, trust forgone and lost, when one, many lack integrities a conscience, and no regard for their soul, to be hymned up...” most especially with those who have the power to transform one’s life. Notwithstanding, and insomuch, within the past decade, power given, now taken when one or many has much contempt for the *“Rules and Supreme Laws of the Land.”* Nonetheless, and insomuch, what was brushed-off, or overlooked previously such as: *“Theft, Lies, Deceit, Fraud,”* immunity is being absolved and he/she now face individual prosecution. As well as their agency and are now being held accountable to the fullest extent of the law, for their actions and misdeeds, including but not limited to all those working within the framework of the U.S. government. Whereas I have friends and acquaintances whom per happenstance work within many forms of government from coast-to-coast.

“Per Honorable Judges in Superior Courts of California, who had ‘Integrity and valued theirs and their families Souls.’” Heretofore between 2007-2015 and living back in Corona del Mar, CA as a Certified Mediator for the Superior Courts of California, sitting in judge’s chambers during recess or after the day a few Judges, prosecutors, and lawyers in Orange County, CA, stated: *“Michael they (Westminster Municipalities & Adams County, CO), will keep trying to ‘hymn-you-up for having a daughter with your shelter counselor (Perry St. Shelter Westminster, CO)!’* (My mom had turned me in for having marijuana in the house, thus I was sixteen and Denise the in-house counselor was twenty-three). *‘It is much cheaper to keep you in trouble, than to admit any wrongdoing, have any accountability, responsibility, especially any integrity, (they do not care about themselves, or their families’ souls, “MD”). It won’t ever be forthcoming, hard to prove unless they do it again.* “I have well over ten years’ worth of documentation this time!” *‘Michael, there is more than enough sufficient evidence of: ‘Hate Crimes, Premeditated Murder, Attempted Murder, committed by the government of Colorado, and the shepard-family of malfeasance!’”*

Government officials whom have integrity, and value their souls. Therefore, working and volunteering with the courts in California knows of the extensive criminal malevolent acts via Westminster Municipalities (WM). Notwithstanding, and insomuch, I regained my life after speaking with friends and acquaintances who work with: *“Newport Beach, PD, O.C, Sheriffs, and the FBI.”*

Shortly after I begun rebuilding everything that I had lost 4X per the SAPSS (*Societies Anti-Life Perverted Sadistic Sociopaths*), WM, Adams County Prosecutors (ACP), dave and now the shepard-family of malfeasance had stolen the *Anti-Life*. Matter of fact, the discrepancies of living in Corona Del Mar, CA for almost two decades volunteering as a "*Certified Mediator for the Superior Courts of CA, CERT (Community Emergency Response Team), and FEMA,*" are polar opposites. Whereas, WM and Adams County have performed heinous acts, such as: "*CRS § 18-3-101, CRS § 18-3-121, CRS § 18-1.3-801, CRS § 18-9-111, CRS § 18-5.5-101, CRS § 18-5-804, CRS § 18-3-602, CRS § 24-31-309,* to name a few. Thus, beguiler ticketed me numerous times within a mile-half of my house. Or, fraudulently charged me: "*Al Hutton, and Westminster Police Department,*" can and will be: "***Proven Beyond a Reasonable Doubt!***"

Stories, everybody has a story. This is what life represents for each one of us. Uniquely, and individually ours unless one has been robbed of their life, coveted, or lost via the constant bombardment of advertising: "*Buy this, you need this! Is the news fake? Careful that is poo? Did he/she just sale their and their family's soul?*" I bet you have a few stories of your own that are noteworthy, and I would love to hear one here, or face-to-face over a glass of Champagne, Bordeaux, and how: "*we, are going to get my life, health, my time, money, and my belongings back!*"

Heretofore, I have more stories than Tolstoy, and as exciting as Grisham, Kellerman novels combined, than memories made with my three daughters: "*Christina, Rachel, and Darci, ' or having a girlfriend.* Which the only time I haven't had these or say my Gym pass, Bank Accounts, Verizon, or a 740IL is when WM, ACP, or a dave has been in or around my life." All of this vileness are predominately from the "*Intentional Pestiferous Monstrous Demonic Maleficent Acts and behaviors of Westminster Municipalities, Adams County, and the shepard-family which can be proven beyond a reasonable doubt.*" ...A sacred obligation, trust forgone and lost, when one, many lack integrities a consciousness, and no regard for their soul, to be hymned up..." Understand, heretofore, and previous to, I have not sued any of the parties per the aforementioned. Why? Between 13-17 where I slept has more power than

most of you will ever understand. Nonetheless, hereafter are a few of the *“Intentional Injuries by the hands of WM, acdc, ACP, and can and will be ‘Proven Beyond a Reasonable Doubt!’”*

- ★ *Hit with a broom on the head accidently by a family member. “Stitches.”*

- ★ *As a bystander hit with a driver golf club on the right front temple (in custody). “Stitches.”*

- ★ *I, while playing nine-ball and speaking with somebody, was hit on the right back side of my head and broke the big end of the pool stick with my right cerebellum (in Custody). “This one hurt! But the next ones where life changers, some of which I am still ‘Medically suffering from today.’ “Major Concussion.”*

- ★ *I over a month’s time, endured traumatic pain (documented), which has had grown men cry. I was continuously thumped on by three over-sized men (Marshall, Faulkner, Saunders at ACDC), for cutting my hair making paintbrushes, then taking the color off of M&M and painting Janice (nurse) a picture. “To many recurring injuries to date: ‘I Suffered and still to present day have: TBI, CTE, PTSD, Chronic Pain, Chronic Inflammation, a dislocated shoulder, cracked ribs, and too much chronic pain to date, “TBI (Traumatic Brain Injury) CTE (Chronic Traumatic Encephalopathy)” CTE is linked to Brain-Disease, i.e., from having been beaten continuously, sustaining numerous thumps on the head, suffering concussions and head trauma.” I have the “PTSD, Chronic Pain”, (family and subcontractors can verify) scars and lumps to prove it, and still present 2025. Just minor details of being hog-tied and held down with hands and boots over a months’ time.*

- ★ *I was on my usual morning run, when a dave intentionally ran me over in a Lexus. I literally hit the fender, flying-up smashing right into the hood, falling, crashing right into the asphalt. “Flat splat just like that, like poo on the bottom of your shoes! Ouch, that hurt!” Then I had to drag my left leg home 4.5 miles, as I did not ever jog with a phone; just shorts, socks and shoes. Then went back to work at “Traditions’ by Pascal,” within two-weeks. ‘Hello working split shifts five days a week. I have had over 8-Surgeries including but not limited to: “ACL, MCL, Meniscus, Chronic Rheumatoid & Osteoarthritis, Chronic Pain, Chronic Inflammation, PTSD, Anxiety, Depression, etc.”*

- ★ *Shot in the head accidently by family member. “Stitches.”*

- ★ *Heart Palpitations (Radon gas exposure) 3-Visits Jan-March 2025 (St. Anthony, Federal Heights, CO). If the temperature in the basement is below 55, I and fourteen family members have been intentionally poisoned via the shepard-families malevolent criminal acts for decades with malice.*
- ★ *I, and numerous relatives, but moreover "Grandma Rife, Jeff, Rachel, and I" have breathed Radon for the last few decades via our north neighbor the shepard-family of malfeasance.*
- ★ *Notwithstanding and hereafter it is the "Triggers the Radon the Gases," which sets off my Anatomical Reflexes, especially my Respiratory System which attributes to my Chronic Migraines, lurking like Freddie Kruger waiting for the right moment to BOOM, attack! ATTACKING, my Chronic Pain, knives in hand, slicing, gashing exacerbating my Chronic Pain, which keeps my eyelids from lowering and previous to the "SAPSS of Adams County and their Habitual Criminal Nature and Hate Crimes!" I was able to reach the REM stage. I haven't slept well in over seven years! "Whereas my previous X-Girlfriends can attest that not long after laying down in bed and without making love my eyelids were fading and I would almost simultaneously be asleep as my head landed on the pillow." Now all I have are a few REM songs replaying in my head as I count the dimples in the ceiling, 8,279,175 still counting... and am lucky if I can manage four-hours of continuous sleep at once, which only transpires when...*
- ★ *This was not determined until my daughter Rachel begun getting "Chronic Headaches, then myself." There are so many who know especially ACP, WM, WCE, WPD, but have as much accountability as a two-year-old girl who stole her five-year-old sisters' pacifier. This is in due per the Judges, Prosecutors, Lawyers in CA stating the obvious per Criminal Negligence since fifteen: "Physical, Emotional, Mental Damage, Chronic Migraines-Pain, Scarring of Lungs, Shortness of breath..."*
- ★ *I don't have any tattoos, because I have as many scars as Frankenstein, and am held together with more stitches than a Raggedy Andy doll (in need of Cinderella;) The inundating pain: "Numerous Nerve, Arterial Damage, Scar Tissue to name only a few."*
- ★ *I have more lacerations and injuries (verified St. Anthony Hospital, Federal Heights, CO) Within the last decade at this residence from the constant Radon exposure (shepard-family) then I did as an Executive Chef. Or, when I owned my 5-time "Award Winning remodeling company Divine Designs LTD.*

Think about it working six days a week minimum fourteen-hours, as a General Contractor, and only going to the hospital once in six years! Whereas, here in Westminster, *Exasperated Continual Compounded Disabilities, and numerous ER visits, in which I was known on a first name basis.*

★ Know the numerous “*Awards and Recognition’s*” that I have? In two different careers, in two different states? How many do you know who can claim these successes? This only comes about from: Wisdom, 7500 plus AP books which I was robbed twice for including much do research on ‘*Humanity & Human Trafficking.*’ All this while working minimal fourteen-hour days, 60-80 hours and 6-days a week; continuously, while maintaining the highest level of Integrity, and dedication. Male dominated professions, because they are brutal on the mind and body, with high turnover rates. Whereas, I did it in two very different careers in two different states. My body was a machine, till I begun residing in Westminster, CO, and it became a prison of seclusion.

★ “*I’m a bit Extro-Introverted, but I have not ever spent this much time in any of my residences at once!*” I had low-turnover rates in all of my professions; as two of my cooks “*Chris & Derek*”, followed me from Denver, CO to Newport Beach, CA in the 90’s. Whereas, continually for years almost my entire kitchen staff: “*Cantori, Del-Le Cruz, Gonzalez...*” followed me, from Bristol Bistro from one restaurant to another as well as much of the front-of-the-house. This though! Yes, the awards and recognitions are grandeur, nevertheless, one of my biggest achievements was that my waitstaff followed me. That’s an accolade! Have you, or do you know somebody who has worked in the hospitality industry? This was no different than when I was the owner manager of Divine Designs LTD. A few of my sub-contractors (Gutiérrez, Sarmiento etc. were with me three years and more.

Do you know anybody who has had this kind of consistency with their employees, then customers in two different states, in two different careers? “To always been taking care of people, that’s ‘Integrity & Wisdom’”.

Nonetheless, in Westminster, CO, the list of ailments is only getting worse, longer, and more traumatic with each passing day, and over four-decades of malice is “*Beyond a Reasonable Doubt ‘Premeditated & Attempted Murder!’*” Insomuch, and notwithstanding hereafter, is the list of my

medical diagnosis from my doctors in Colorado, with corresponding dates, and this does not include any of my diagnosis from O.C., Corona Del Mar, CA, where I lived for almost two decades.

A list longer than a six-year old's wants to Santa Claus. Yet, I've been denied disability, imagine! I had most of my "*Chronic Disabilities, such are: 'TBI, CTE, Chronic Migraines, Chronic Headaches, Inflammation etc....,'*" mostly under control when I lived in Corona Del Mar, CA. As stated previously the aforementioned were caused by the residential environmental factors via the malevolent criminal acts by the whole shepard-family of malfeasance. But, predominately herein from the constant fists, boots on my head and back at least twice a week. Sometimes more including being hogtied over a month's duration at '*acdc via 'Marshall, Faulkner, and Saunders.'*' This transpired at the beginning of the millennium, from the initial fraud caused by wpd and Al Hutton, which had me fighting for my life in numerous ways. Then not knowing the justice system and painting Janice a picture. Which I made brushes from cutting my hair, and paints from the colors of M&M's, sugar and salt. The continual perpetrated Criminal actions by Westminster Municipalities, ACP, and all of the shepard-family of malfeasance are at minimum: "*Premeditated Murder, Attempted Murder, Hate Crimes, Fraud, Racial Profiling etc. committed via Westminster Police Department (WPD).'*"

Most of (WPD/ACP) actions where not ever warranted per Judges, Prosecutors, and Lawyers in CA, and NY when looking at the: "*Affidavits, and Transcripts.'*" Instead of the aforementioned and other governing agencies having any accountability, responsibility or caring about them and their families' souls, "*Integrity.'*" Even though without any doubt per Universal Rules, Murphy's Laws transpire upon those who have hurt me intentionally since fourteen. living in Biscayne Bay, Fl; Dallas, TX; or Corona del Mar, CA for twenty-years (Fully confirmed), and all combined. *"I have gone through 12-Vehicles at this residence per malicious vile acts via the shepard-family and somebody from Westminster Municipalities then the previous 30-years combined, and most of my cars were 740IL BMW's."* The *Anti-Life of west-adams* has cost me millions of dollars, hours, and years which can be **"Proven Beyond a Reasonable Doubt."** To have been ran-over by dave (*Dem#ns Antagonizing Victimizing Everybody*), and numerous intentional malevolent actions when writing this for these websites:

"Diluviaria, Beyond a Reasonable Doubt:" <https://site-pr7f0s653.godaddysites.com>

"Diluviaria, Disabilities:" <https://site-42bg1ze1k.godaddysites.com>

A couple of examples of their malicious acts intentionally against me include, but are not limited to: *"5 Samsung Phones and 2 Tablets die abruptly, and 2 Samsung Phones stolen, along with the vehicles being tampered with within the last 18-months:* and is not even the tip of the iceberg, while making these websites. Think of all those hours I worked since fifteen years old, and after nineteen they were always in management positions. With three daughters (CRDc), my first with Denise the shelter counselor, barely after sixteen, you learn to save money. That is unless somebody with vile malevolent tendencies who sold their souls to the 7-Pillars of He#l in the government are stealing it.

"...A sacred obligation, trust forgone and lost, when one, many lack integrity a conscience, and no regard for their soul, to be hymned up..." *"Chronic Migraines, Chronic Pain, Chronic Inflammation, Acute pain transverse like a bolt of lightning with every breath, and body movement,"* caused by *"WPR, WCE, WPD, the shepard-family of malfeasance, i.e., SAPSS, the Anti-Life"* People who have no conscious, and no regards for the *"Laws of the Land, as well as the Rules of the Universe."* The daves of the world: *"Koresh, Dahmer, Berkowitz, etc., the Anti-life whom lack all the fundamentals of what life entails."* Nonetheless, what transpires when one, a group, or many are Anti-Life and break the *"Rules and Laws of the Land!?"* *Aside from there being no freedom, lawlessness exacerbated, anarchy rules the world, free-will foregone, as death lies ahead.*

Insomuch, and notwithstanding, heretofore, the days before continual criminal acts committed by Westminster Municipalities, Adams County Prosecutors, or a dave allen whom stated: *"I am going to steal and take over your life."* Whereas, heretofore and twice now, for unknown reasons poo transpires with the name of dave, around me, notwithstanding, and more significantly the world moreover.

Everybody has a story, some worth telling and this is just a glimpse, the tip of the iceberg. Sitting in judge's chambers who *have "Integrity and a Soul,"* during recess as a Certified Mediator for the Superior Courts of California, stated: *"Michael they (Westminster Municipalities & Adams County, CO), will keep trying to 'hymn-you-up for having a daughter with your shelter counselor (Perry St. Shelter Westminster, CO)! Notwithstanding, and heretofore of living back in Westminster, CO, I have not ever had to look over my shoulder or the rear-view mirror. This includes when I moved to MI for my daughter, during the late 80's when Detroit was the Murder Capitol of the World. I did not ever have to look over my shoulder, or was worried about being robbed, jacked or any law enforcement. This is unless peoples with Integrity within Law and the government such as Newport Beach, PD and FBI (O.C., CA) got involved and stopped it, as many do not have the immunity which they were once gifted even when they work for the government. *"FYI, I'm not moving either, Green-Plex, designated, designed in 2016!"*

If it was you or a family member who has had much success, especially in two different careers, and in Southern California and Metro Denver with little to no issues with law enforcement, or the various other states, which includes your neighbors; Wait most of my previous neighbors in very prestigious areas of the country; *"Corona Del Mar, CA, Biscayne Bay, FL; Denver, CO., 'know me as 'The Chef!'"* I am, or was always there for anybody with integrity, and sincerity. Matter of fact, working with *"FEMA and CERT (Community Emergency Response Team)"*, and knowing local codes and city workers, whenever we had measurable snow in Denver, the snow plows would not ever clear our streets. Do you think that the shepard-family of malfeasance with snowblower in hand destroying our property ever cleaned the streets or any of the many retired, or older residents' neighbors' sidewalks or driveways? Nope, not even close! But I did, almost every time! I, knowing that Fire and Rescue would not come down our street with more than 1' of accumulation. I with shovel in hand, at least a half dozen times cleared Green Ct. from the bottom to the top for the city.

When a snowplow did come down, Dad and I, had to dig him out. At that time, it was free-of-charge, now monies owed, to us via the city. Notwithstanding, heretofore, and insomuch, since there have been no actions regarding all monies stolen since fifteen, or the continuous damage that has been done tell present, nor any attempts at **Retribution, the price is astronomical!** I, will keep coming back tell I, *"Michael"* am paid in full and gotten justice. Literally there has been Nothing, but sloth and gluttony whilst establishing: *"Premeditated Murder, Attempted Murder, and the other sixteen charges, coinciding with the aforementioned parties!"*

Think; when in the history of humanity has anybody gotten away with so many crimes of this magnitude and not ever been sentenced to prison, pay Restitution, or worse? It has not ever

happened! There are no such thing as halfway criminals. Do the crime, pay the ultimate punishments, even if per happenstance you do work within the government, immunity is foregone.

...A sacred obligation, trust forgone and lost, when one, many lack integrities, have no conscience, or any regard for their soul, to be hymned up... *"Numerous Awards and Recognition's,"* as an Executive Chef, and General Contractor, in California and Colorado. To volunteering for *FEMA, and CERT* and Westminster Municipalities and Adams County have fraudulently ticketed me numerous times. They have kept me from any and all funds, including all of the *'Stimulus Checks'* which went out. WM, state of Colorado has kept me from any and all funds, **Not one Stimulus Check, nor any Disability in attempts of entrapment.** When the Supreme Laws of the Land, Rules of the Universe dictate something else, don't you have a sacred obligation, to do what is morally right?

If not for you, what about your agency? Yet, more importantly for you and your family's soul?

...A sacred obligation, trust forgone and lost, when one, many lack integrities, have no conscience, or any regard for their souls to be hymned up... Integrity. To save face, which in many cultures is more important than money, it is you and your families traits. Why in some cultures, the family will inflict more punishment upon their own family members than any government can, a secret.

"Integrity," for it is the very most important thing that a person has, just as his-her souls and their conscience remembers everything. Thus, all those nights... I learned... *"Me, Michael am a student for eternity."* Whereas, the most important thing: ***"A person will ever own, is his-her own soul!"*** It is yours, be protective of it. Safeguard your soul like your life depends on it, because it does. It is what determines the next realm, and levels. *"Do you believe that you have a soul?"*

"Integrity, to me and what I wrote on my kitchen schedules back in the early 90's is as always been: "It is being honest with yourself as well as with others. It is not so much by what you say, but what you do. Most especially when you think that nobody is looking. Do not believe for even a minute that somebody, something does not know in today's 1984 eyes are everywhere. Why is the 'All seeing Eye,' on the 'One Dollar Bill?'" MD™

"If one cannot trust those who are supposed to protect you, then who do you end up trusting?"

"...A sacred obligation..." Integrity, A sacred obligation, trust forgone and lost, when one, many lack integrities, have no conscience, or any regard for their soul, to be hymned up... Integrity, most especially with those who have the power to transform one's life. Notwithstanding, within the past decade, power given now taken when one or many has much contempt for the **"Rules and Supreme Laws of the Land."** Nonetheless, and insomuch what was brushed-off, or overlooked previously via **"Theft, Lies, Deceit, Fraud,"** immunity has been absolved and he/she now face individual prosecution and are being held accountable for their actions and misdeeds, thus can now sue the agency and the individuals independently; **"The Laws of the Land!"**

Having my **"Mind and body taxed, by the SAPSS of Adams, consistently for the last decade, while not one of the 81,000 new tax agents the Biden administration hired was able to get me one, not one single Income Tax, Tabor or Stimulus Check (S)!"** This is even going down to the IRS office on the 15th floor in Denver, CO. a few times, **"Hate Crimes exercised consistently."** In Newport Beach, CA I received my **"Stimulus Checks,"** but not Colorado. Whereas, I did file **"Many"**, change of address forms, DMV/ID current. Are you beginning to see the repetitious pattern of: **"Theft, deceit, fraud and attempted murder," via the SAPSS of Adams County? Let's flips this around: "What part do you and your agency have in this?" "I have forty-five years of constant demonic flagitious Mephistophelian poo via Adams County."** Yet have lived from San Diego to Los Gatos, primarily on the west side of PCH in Corona Del Mar, CA, Biscayne Bay, FL; Dallas, TX; and have had little to no issues with anyone!

"Integrity, having no, to little Accountability, Responsibility, Empathy, upset, disgruntled, a bit hostile? I'm for, about and Love life, a huge part of this human experience. To love and be for life, 'Love for life, Life for love,' to be grateful to and for life, humanity that which separates us from plants, animals, AI, and robots."

When it is your turn, and it's you, and your family, how are you going to act?

Understand and remember that a few reputable Dr.'s and the "County of Orange Humane Services," CA pushed and had me file for SSDI. The payout I would have received in 2012 was not a small amount, between \$35,000-50,000.00, with monthly payments of \$3,850.00, per my "Earned Income;" That was 2012, per hours that I have accrued and earned. I had always been a manager since nineteen and salary positions by twenty-three. Monies allocated to me, and here it is 2025 and nothing, except fraud committed over-and-over again in attempts to lower my monthly payments, or get me past due dates. Literally no monies, only more trauma. Remember "LinkedIn ~ Google and my numerous 'Awards & Recognitions' or by 'Poverty, because of the SAPSS of Adams County!!?'"

Notwithstanding, I am in the absolute worst shape that I have ever been in my life: "Emotionally, Mentally, Financially, and most definitely beyond a reasonable doubt Physically! This is Premeditated Murder and Attempted and Murder facilitated daily, and momentarily without any fear of repercussions." Insomuch, this goes back to when I was just sixteen and having a child with the in-house counselor, and the SAPSS of Adams County, and WM having "NO ACCOUNTABILITY OR INTEGRITY." Stealing my time and money when I was a: "Prep-cook, busboy, and dishwasher all simultaneously," then giving me a daughter while I was in the custody of the state at sixteen from their counselor. Then again in 2002, and after I demanded that the shepard-family of malfeasance STOP destroying this house!"

"...A sacred obligation..." Integrity, A sacred obligation, trust forgone and lost, when one, many lack integrities, have no conscience, or any regard for their soul, to be hymned up... Integrity, most especially with those who have the power to transform one's life. Notwithstanding, in this case though william "kill bill" shepard-family of malfeasance who worked as an engineer for Boeing for forty plus years, knowingly and willingly in cohorts with WM, ACP, to solicit the aforementioned crimes consistently and consecutively, the dave mentality and character. It's the "The Radon the Gases," caused with criminal intent by the shepard-family of malfeasance; which sets off my Anatomical Reflexes, especially my Respiratory System.

The question beckons the 12-Stages of-Karma: "What are you going to do when they come for you?"

When you have a list that is longer than a 7-year old's list to Santa Claus? Are you ready to feel the: ***"Pain, Trauma and Torture,"*** that I have lived through for decades?

Nevertheless, and notwithstanding, where government employees once had immunity, those days are closing in faster than the Meteor in Russia two years ago that hit, scarring the land. Nonetheless, with the Colorado Government Immunity Act (CGIA) ... Generally, protects public entities and employees from liability, it includes specific waivers where suits are allowed, particularly for actions within the scope of their employment that are not considered; *"Willful and Wanton."*

"Willfully and Wanton Negligence' 'is a legal concept describing conduct that goes beyond mere negligence or even gross negligence, but doesn't quite reach the level of intentional misconduct. It involves acting with an indifference to or a conscious disregard for the safety of others, creating a high degree of risk of harm."

CGIA – Suits against employees: Individual employees can be sued for their actions, but they are protected if those actions were within the scope of their duties and not *"Willful and wanton."*

I can ascertain, heretofore of the *"Polar Vortex of February 2020," I was a lot healthier "Emotionally, Mentally, Financially and most especially Physically." 'Beyond a Reasonable Doubt, if I was still back in Newport Beach, CA, I would not have ¾ of the issues which I have today."* Again, nothing short of *"Premeditated Murder: §18-9-121; Attempted Murder: §18-9-121; Hate Crimes: §18-9-121"*.

... (Colorado hate crime laws address bias-motivated crimes, targeting acts of intimidation, harassment, or violence motivated by actions of race, color, religion, ancestry, national origin, physical or mental disability, or sexual orientation. These crimes are prosecuted under Colorado Revised Statutes §18-9-121)!!!

I have asked many people from my adolescence:

"What is the most important thing that you will ever own?"

Power... crazy times which we are living in. Power, the power to see if somebody eats, can go anywhere like to pick up prescriptions, or doctors' appointments. Whereas, I missed many more appointments in 2025, than when I owned Divine Designs LTD, my Design, Build, Remodeling company. To have that amount of control, should only be given to a very select few. Who can ascertain beyond a reasonable doubt that he/she has *"Integrity,"* definitely not a dave or the Anti-Life! With *"Much ado power, comes an even greater amount of responsibility."*

Given that, he-she will typically lead, or manage one of two ways. Either they will go to great lengths to assure one's success, or the opposite, and do everything within their power to hinder one, or many. To be hindered goes against the foundation of society and the principles of a just civilization (Civil in nations).

Have you heard of the *"Needs of Hierarchy,"* (Maslow), and what happens to an individual or group when these needs are not met? There is much do pain directed in many areas of one's life? 12-cars within 8 years, 5-Samsung Phones and 2-Tablets just went dark, as well as 2-Samsung phones stolen, and no monies whatsoever, no Disability, no Stimulus Checks even after going to the IRS. Great lengths and no payments from Adams and Westminster from all the: *"Emotional, mental, physical, financial, damage in which they have done continuously."* Tell me they don't belong to the church of Sat#n?

If somebody wielded that type of power over you, and you were left without money nearing a decade, without any transportation, limited healthcare, food and clothing, and none of the Tabor or Stimulus checks which were sent, where do you see your life going? Could you survive? More importantly: *"What and where do you think that your physical, mental, and emotional state of mind would be?"* Caustic? Catatonic? Cerebral?

Previously, to the "Radon Exposure," I would have written this out in a week, nevertheless, this has taken me over year-half. I am anything but my usual *Michael Diluviaria* self. My mentality:
"Everything that is mine (MD, MM, LM) will come back to me in this lifetime, and I'll keep coming back till pain in full in many areas and arena of life, and to seek out those who aided and abated the malfeasance!"

Therefore, I hope that you take my sincere apologies, get this to your supervisor, find a time when I am not being attacked, and can think and speak clearly, as well as email me: 720. 996. 6277 (Works periodically) (my S-205g was stolen at Denver Health on 17 October 2025 after I had a Dental visit, and remember that callus number of dave and 21-66, it was returned, back had been opened and tampered with on the 21-October 25. Nevertheless, if crimes of this magnitude and nature were committed against you since your adolescence and whenever you are living in other cities and have little to no issues but are receiving many awards and recognition's when is it time that all involved parties have the full force of the law brought up against them, begin serving their prison sentences and restitution is paid? From Newton, to the Magna Carte' actions have reactions, most especially with the amount of time, money, health issues, and so much more have not been addressed!

Herein, apologies if you and your agency are not a part of the church of Sat#n, and I hope that I did not offend you or your agency too much. I love the employees, the police, government officials along Newport Coast, CA who helped me, and I did not have to tell them a few of my stories as I did you. Nevertheless, per an X-Employee who is now retired from "Colorado Humane Services Agency," in Metro Denver stated: *"If I would have kept my address in Denver, CO, I would have already been approved years ago, and would not be finagling with this poo."*

Blessings;
