INVITATION

TO A SACRED BODY RETREAT

SOUTHERN THAILAND

OR
JANUARY 31ST - FEBRUARY 6TH 2020

WELCOME HOME

HELLO MY LOVE,

We are honored to share this space with you

This invitation carries some juicy details about the journey we have set up for you and a select group of souls to embark on in just a few months.

We don't say it lightly when we say that this will change your life.

There is no possible way you will leave this experience as the same person as you came.

As powerful as the activities might be, we will do our very best to make the environment as nourishing & joyful as we can, as you travel into new spaces of knowing yourself.

If you have ever asked the question "who am I?" or "what am I here to serve?" then this combination of offerings may just help give you the key to stepping closer to what these profound truths may be for you.

You will be in the care of 5 very seasoned practitioners for these 7 days and going forward we will always be connected.

With great blessings and anticipation for you in this life!

Venus, Amy and Kit xxx

WHAT TO EXPECT

The adventure begins!

We will all gather in the morning in quaint Phuket Town to take a ridiculously gorgeous boat ride out to the smaller island of Koh Yao Noi together. This is the type of epic island paradise vibes that is nothing short of National Geographic status.

Koh Yao Noi is authentic Thailand. There is not so much of that "pop up" situation that happens catered to tourism in most of the populated parts of the rest of the Kingdom so you can really feel its true CHARM & that potency of Mother Earth folding in on you from every angle.

You will be staying in one of 9 free standing domes sprinkled about this plot of beachfront land.

The venue itself is geared towards creatives, so there are nice touches around the place to encourage this expression.

WELCOME TO PHUKET!

- You will need to arrive at HKT (Phuket International Airport) sometime on the day or night of the **15th of November/31st January**
- It takes around an hour to get from the airport to downtown and someone will be waiting for you on arrival
- Accommodation for the first night will be in a charming guesthouse in Phuket Old Town where we can all connect and have a nice local meal together.
- We will leave together on the boat early next morning
- If you are joining with a partner or a friend and would like to stay in a room together, please speak to us about this. We DO recommend having your own spaces - however if it works better for you to share, there are double sofa beds in a few of the rooms
- We ask that you stick only to the food provided to keep your body channels as clear as possible. Certain things can't be eaten if ingesting plant medicines.

We are encouraging a "**digital detox**" or at least a very limited use of the internet as much as possible to stay in your experience and really come into your connection to the medicines and your self.

What if we can detach for a little while and get as much as possible out of this experience?

More details including specifics about each of the medicines and therapies will be sent along the way so all you have to then do is get here and give us a hug!

How does it get any better?
