TO A SACRED BODY RETREAT

SOUTHERN THAILAND

JANUARY 31ST - FEBRUARY 6TH 2020

W E L C O M E
H O M E

HELLO MY LOVE,

We are honored to share this space with you

This invitation carries some juicy details about the journey we have set up for you and a select group of souls to embark on in just a few months.

We don't say it lightly when we say that this will change your life.

There is no possible way you will leave this experience as the same person as you came.

As powerful as the activities might be, we will do our very best to make the environment as nourishing & joyful as we can, as you travel into new spaces of knowing yourself.

If you have ever asked the question "who am I?" or "what am I here to serve?" then this combination of offerings may just help give you the key to stepping closer to what these profound truths may be for you.

You will be in the care of 3 very seasoned practitioners for these 7 days and going forward we will always be connected.

With great blessings and anticipation for you in this life!

Venus, and Amy xxx

Important:

Please read through the PDFs that we send via whatsapp or email and indicate that you understand all.

We will also do an induction call before you arrive to debrief and welcome!

- You will need to arrive at HKT (Phuket International Airport) sometime on the day or night of the **31st of January**
- It takes around an hour to get from the airport to RAWAI and we will be waiting for you on arrival
- If you are staying in the accommodation you will go directly and settle in. If you aren't, you can be ready to come for the first meal and opening circle together on the eve of 31st by 5pm.

We are encouraging a **"digital detox"** or at least a very limited use of the internet as much as possible to stay in your experience and really come into your connection to the medicines and your self.

What if we can detach for a little while and get as much as possible out of this experience?

More details including specifics about each of the medicines and therapies will be sent along the way so all you have to then do is get here and give us a hug!

How does it get any better?
