Joseph Grcar for Castro Valley School Board

I pledge to vote for School Resource Officers.

I will vote for School Resource Officers — and so should you.

Castro Valley schools are not safe. Act now.

For 30 years, the Alameda County Sheriff stationed School Resource Officers to protect our kids. **In June 2020, the school board removed them.** Trustee Gary Howard claimed students felt "terrified and intimidated." He never asked the students. Children are not adults. They cannot decide their own safety.

School Resource Officer in Turlock. Castro Valley has none.

Six years later the results are clear:

- Racist graffiti at an elementary school.
- An afterschool aide on trial for molesting a student.

This is the predictable outcome of removing the officers who kept kids safe. The Law of Unintended Consequences is no longer theory — it is happening in our classrooms. Read articles at the 3 links, above.

Trustee Howard is now endorsing Faith Carroll to replace him. Do not trust the judgment that stripped our schools of protection.

Vote for me, Joseph Grcar.

Restore School Resource Officers.

Protect Castro Valley kids before the next incident.
