

Joe GRCAR Ken OWEN Luis REYNOSO

NEW Directors for *Castro Valley* and *Cherryland* in Hayward Area Recreation & Park District

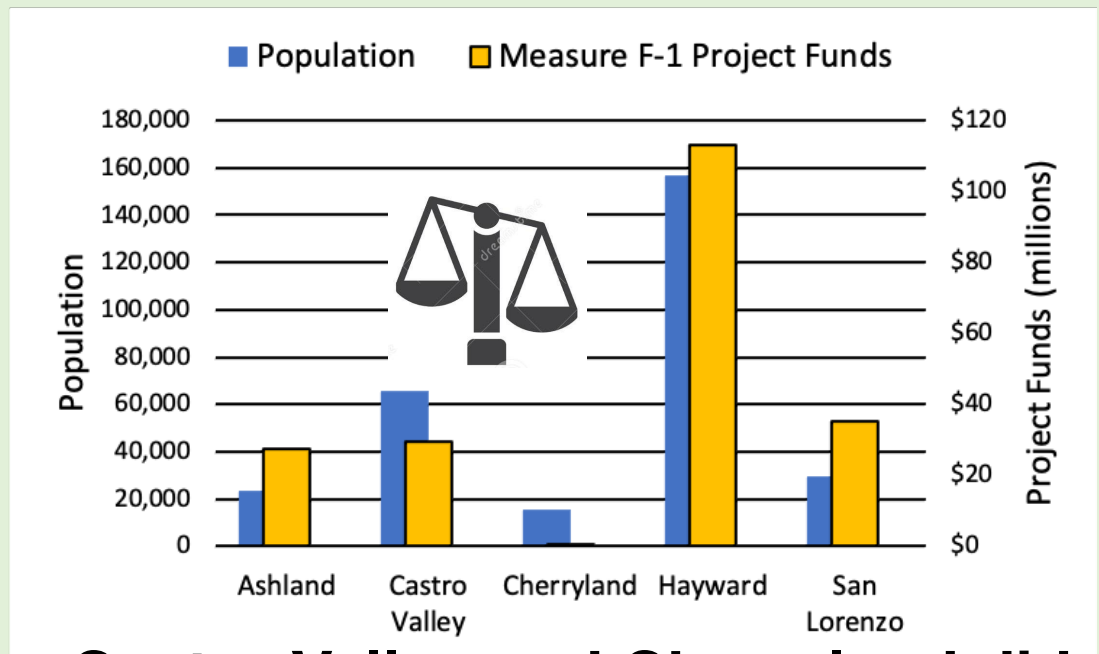

Incumbents have been in office for a combined 45 years.

Many were simply appointed and they seldom appear on a ballot. One Director's *Facebook* campaign page was last updated in 2014.

More Finance than Service for Parks and Recreation.

Incumbents issued \$210 million in bonds, paying back \$383 million — over \$12 million every year for 30 years. A department of 9 people is needed to manage the bonds, with salaries up to \$289,774, which is the second highest in the district.

Castro Valley and Cherryland did not get their share of bond funds.

The Measure F-1 bonds were promoted as a once in a lifetime opportunity for great parks, but *where are the parks*, 8 years later? Vote for a commitment to Quality Public Services and Fiscal Transparency. Elect Joe Grcar, Ken Owen and Luis Reynoso!
