

Elect Joseph Grcar Director from Ward #5

Soon it will be time to replace the buses with the autonomous electric vehicles.

Bus fares are only 6% of the AC Transit operating budget. The \$2.50 fare is subsidized by \$39 of tax money. A Tesla Robotaxi in Austin, Texas costs \$3 to enter and \$1.40 per mile. The average 5-mile bus ride costs \$10 by Robotaxi. Tesla Robotaxis will provide more convenient service for 1/4 of the subsidy. Joseph Grcar rode buses to school and to work for most of his life. He respects public transit, but sees it must change like everything else. *Elect Joseph Grcar and get AC Transit moving.*****
