FREQUENTLY *Asked Questions*

What does The CPC Team offer to its strategic clients?

Our executives assist in corporate and business strategy, ecosystem analysis, team skill and strength evaluations, 360 degree analysis, SWOT analysis, process engineering, system integrations and finding growth opportunities.

Who is executive education targeted to?

Executive education programs are tailored to meet the needs of mid-career and senior-level professionals, including managers, executives, and business leaders. These clients typically will have several years of work experience.

What is the real world application of executive education?

Executive education often emphasizes the practical application of knowledge. Participants are encouraged to apply what they learn in their workplaces, addressing real challenges and opportunities.

What is executive coaching?

Executive coaching is a professional development strategy that involves a coach working with an executive (or any other high-potential employee) to unlock their potential, enhance their performance, and helps them achieve their goals.

LET'S GET STARTED!

The CPC Team can handle the entire range of consulting services related to leadership and executive training, strategy, operations management, human resources and financial consulting.
