THE REPORTER

GRISWOLD TERRY GLOVER POST 803

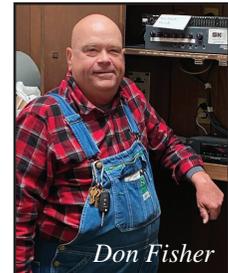

JANUARY 2022

★ ★ COMMANDER'S REPORT ★ ★

Happy New Year Fellow Legionnaires & Friends of the Legion:

I want to start off by welcoming Ramos Lucino Romero the owner of Natural Images Tree Service and Natural Images Landscaping. Lucino was kind enough to help us out with our 9/11 memorial tree this year and he just took out an ad to help support the cost of the Reporter. I would also like to thank all of our sponsors for all their support in 2021. We could not produce the Reporter if it were not for all of you. Thank You!! I would also like to point out Don Fisher for volunteering his time to help fix our audio system just before our Legion Christmas Potluck. Don was the man that originally installed the system back in the 1960s.

Don Fisher

The New Year brings with it a fresh start and new motivation to accomplish even more than we did this past year. All of us experienced so much upheaval in our lives but weathering any storm successfully is often done by keeping true to one's principles and in our case the Four Pillars of the American Legion. We continued to use these pillars as our guide throughout the yoyo effect of the pandemic. This past year we successfully executed Bingo, the Memorial Day Parade, 4th of July Parade, Auxiliary Summer Fair, Car Show, Annual Golf Classic, Annual Chicken BBQ, Holiday Craft Fair, Veterans Day Ceremony, 2022 Planning Meeting, Christmas Pot Luck and the Legionnaires and Auxiliary held their monthly meetings. All of these events could not be possible if it were not for the amazing volunteers in our organization and the wonderful community support we receive. We were not able to accomplish all of our goals set for 2021 and that is ok because we were able to raise some fund in order to prepare for our new vision starting in 2022. The goal for 2022 is to begin to move away from sustaining our current status and into a new vision for the future. 2022 will mark a new method to communicate that vision to the public. The Four Pillars of the American Legion will be our guide as we look to transform the Post in its membership and physical makeup. Take a look at the historian column this month for more information on these Four Pillars and why the Legion exists. Whenever I'm asked, "What is the Legion?" I refer to these pillars and I emphasize the Legion is not a bunch of crusty old Veterans sitting at the bar telling War stories... ok... there is a little truth to that but the Legion continues to serve our community like we served our Country in uniform. We provide a home for our local Girl Scouts, Cub Scouts and Boy Scouts to meet. We help inculcate in them a sense of patriotism and love of Country. We work hand-in-hand with the NJROTC program to nurture in them a sense of service to their community so they may experience the reward of pride of accomplishment. In 2022 we will continue in these relationships and also communicate our vision to the public through artist renderings of what our goals are. It is vital to our future that we transform the physical makeup of the Post in order to serve into the 21st Century. The Legion has not been physically updated since the 1960's addition of the main hall. We have done a great job of updating and or repairing mechanicals and structures to include

★ ★ CHAPLIN'S REPORT ★ ★

Once again it has been a quiet month for the Chaplain and there is not anything new to report at this time. Many people think of winter as the end of the year. I prefer to think of it as the beginning. It makes those long cold nights so much more bearable knowing that each day is bringing us a little more light and warmth. It is a great time of the year to relax and get recharged both mentally and physically for what's to come. Happy New Year to all!

Commander's Report Continued

the handicap ramp, new heating system, new fire suppression system in the kitchen, paving the front of the building and installing drywells, renovation of commander and Auxiliary rooms, repair of some of the electrical to reduce the risk of fire and improve lighting. All of these projects are just the beginning. In 2021 we received several roofer quotes and happily we discovered that we do not need to replace the entire roof. There is a large section that has many more years left on it so the funds we did raise toward the roof will be used to repair and replace sections of the roof as well as updating the gutter system. When these repairs are accomplished, we will install a ring camera and light system around the Post to help illuminate the area and ensure we have an additional layer of security. We need two new bathrooms to include handicap accessibility as the population that we serve require them. This is not a simple task as it requires an architect, plans, totally new plumbing system and possibly updates to our sanitation system. This and any other major transformation vision needs a project manager and a team of volunteers to help oversee the project. This is where you come in. When I say you, I mean those of you out there that have experience and possibly even businesses that can execute these projects. The Legion will work diligently to help raise the funds but we need your help to make these visions come true. Consider taking on just one of these projects with a group of your friends forming a team that executes a project in honor of a Veteran or Veterans. The Eagle Scout Project is a perfect example of how our kids give back to our community so we now ask our adult population to follow their example. The project you and your team oversee can be dedicated to the Veterans you wish to honor by naming that project after them with a permanent plaque similarly to all the names on the stools and chairs in the bar. When you participate in these projects, you're not just executing a construction job but directly impacting your community. Our facility not only provides a place for the recently mentioned organizations to meet but it also provides an affordable place for those in our community to host weddings, birthday parties, graduation parties, and so much more. We do not compete with local business as we all know the wealth that is coming to the North Fork and there is nothing wrong with that change; however, more and more of our local population is priced out of such venues and I'm a perfect example. I held my wedding at the Post because I was in no position to have my wedding at a Vineyard or catering hall unless I wanted to take out a substantial loan. I'm constantly running into people that express to me their fond memories of their wedding at the post or birthday party. We can't continue to serve the community unless we update the facility to ensure its future use. Will you partner with the Legion to take on a project? If you do then please give me a call 631-702-3083. Take a look at the rest of the Reporter and you will see some of the artist rendering or vision photos of what we would like to see for our future and possible projects you can volunteer to help come true. We will continue throughout the year to communicate our vision and we are excited for the future because we know the North Fork always steps-up.

For God and Country, God Bless,

Charles J. Sanders, *Post 803 Commander*

THIS MONTH: VACATIONS FOR MILITARY | BY MILITARY

If you're planning a vacation and trying to find an available hotel/apartment/home for a temporary stay, CONUS or OUTCONUS, reasonably priced and sometimes owned by a deployed military member, look to website specifically designed for military members; AHRN: www.ahrn.com (Automated Housing Referral Network);

Homes.mil: www.homes.mil, and **MBO:** www.militarybyowner.com which, if you're advertising, charge fees. **AHRN** is the current version of the old Department of Defense (DoD) website for housing referrals and **HOMES.mil** is a publicly accessible Department of Defense (DoD) website. When a customer searches for a rental, they are required to select a specific installation, then they can include other information such as number of bedrooms. A list is returned that includes all the properties that meet those search criteria.

Which One Should You Use? MBO, AHRN, and Homes.mil are all designed to provide the same service: to provide a database of properties available for rent or sale to military families. All three allow you to search by installation, property features, location, or cost. I recommend that you use all three.

What are your experiences and thoughts about these websites? Does one work better for you than the others? Share so we all can learn!

Until next month!

★ ★ LEGION AUXILIARY POST 803 ★ ★

Happy New Year! As we start anew let's focus on the positive possibilities ahead of us and try to leave the negative behind. Each day is a new adventure, some with joy and some with trepidation. Day by day we will face it with the help of our family, friends and community!

Our Christmas potluck dinner in December was a wonderful party! Thank you, Commander Sanders, for putting it together and to all who helped and brought delicious food. Music was provided by Jeff Earl and Steve Read, known as NRG, or "No Request Group". And a very special thank you goes to the Van Bourgondiens for donating beautiful poinsettias for the centerpieces!

In December we helped veterans here in Southold Town and donated to Wreaths Across America, the organization that delivers wreaths to our National Cemeteries. At our January meeting we will have a representative from Warrior Ranch in Calverton do a presentation for us. Linda and Janique will be working on interviews for Girls State, which will be held in person this year. Our Daytona Party is on for Sunday, February 20th. There is as usual a lot happening at Post 803!

This time of year brings to mind the installation ceremonies for so many elected officials locally, statewide and nationally. As they raise their right hands, usually the first words they say are "I swear to uphold the Constitution of the United States". Let's hold them to it!

Our next meeting will be on Wednesday January 12th at 7:00pm. Members who are interested in meeting beforehand for pizza at 6:30 should RSVP to me. Looking forward to seeing you all and listening to Eileen Shannahan from Warrior Ranch.

★★ SONS OF THE LEGION ★★

Happy New Year to all! Last month I attended the Post's planning agenda meeting, and there will be a full year of upcoming events! Plans have begun to take shape for an outdoor covered pavilion adjacent to the Legion that can be used for many events and ceremonies.

With over 700 people receiving this newsletter, let's all stay connected and participate, whether a little or a lot, and help out at Legion events.

If you haven't sent in your 2022 dues already you can mail them to the post Att: SAL.

Most of us are feeling the inflation pinch on our budgets so come on down to the very affordable Friday nights at the Legion bar. Jan has a slew of new bands booked for 2022 which will be posted.

Let's all hope for a better upcoming year in 2022!!

I leave you with a quote whose author is still in debate.

"The greatest danger to American freedom is a government that ignores the constitution."

P.S. Our first meeting in 2022 will be Tuesday, January 11th. We will meet from 6PM-8:30PM and then joint the Legionnaires at the bar for pizza and drinks.

The American Legion was chartered by Congress in 1919 as a patriotic veterans organization. Focusing on service to veterans, service members and communities, the Legion evolved from a group of war-weary veterans of World War I into one of the most influential nonprofit groups in the United States. Membership swiftly grew to over 1 million, and local posts sprang up across the country. Today, membership stands at nearly 2 million in more than 13,000 posts worldwide. The posts are organized into 55 departments: one each for the 50 states, along with the District of Columbia, Puerto Rico, France, Mexico and the Philippines. Over the years, the Legion has influenced considerable social change in America, won hundreds of benefits for veterans and produced many important programs for children and youth. Following is a chronology of significant dates in Legion history:

1919

March 15-17

Members of the American Expeditionary Force convene in Paris for the first American Legion caucus.

May 8-10

St. Louis Caucus. "The American Legion" is adopted as the organization's official name. The Legion's draft preamble and constitution are approved.

June 9

The National Executive Committee adopts the Legion emblem.

Sept. 16

Congress charts The American Legion.

Nov. 10-12

First Legion convention convenes in Minneapolis. The Constitution and preamble are adopted. Delegates vote 361-323 to locate the Legion's national headquarters in Indianapolis, instead of Washington. A resolution is passed in support of Boy Scouts of America. *Today, the Legion is the chartering agency for more than 1,700 Scouting units made up of approximately 64,000 youths.*

1920s

Aug. 9, 1921

The Legion's efforts result in the creation of the U.S. Veterans Bureau, forerunner of the Veterans Administration. *Today, the Legion continues to lobby for adequate funding to cover medical, disability, education and other benefits for veterans.*

June 15, 1923

The first "Flag Code" is drafted during a Legion conference in Washington. Congress adopts the code in 1942. *Today, the Legion is at the forefront of efforts to pass a constitutional amendment to protect the U.S. flag from physical desecration.*

The Four Pillars of THE AMERICAN LEGION

Veterans Affairs & Rehabilitation

National Security

Americanism

Children & Youth

July 17, 1925

The Legion creates the American Legion Baseball program. *Today, more than 50 percent of Major League Baseball players are graduates of the program. About 82,000 youths play on Legion-sponsored teams each year.*

1930s

September 1932

The Sons of The American Legion is officially recognized during the 1932 National Convention in Portland, Ore.

June 23, 1935

The first American Legion Boys State convenes in Springfield, Ill., to help youths gain an understanding of the structure and operation of the federal government. The first Boys Nation, bringing together youth leadership from all the Boys State programs, convenes in 1946. *Today, more than 19,500 young men participate in Boys State, and 98 in Boys Nation, from 49 of the 50 states.*

June 1, 1938

The final round of the Legion's first annual National High School Oratorical Contest is conducted in Norman, Okla. *Today, more than 3,400 high-school students from around the country compete annually in the contest, which promotes a greater understanding of the U.S. Constitution. Winners receive thousands of dollars in college scholarships.*
