

At Saint George Academy, we understand that choosing a high school is deeply personal. While many families participate in the TACHS process, our admissions approach extends far beyond a single exam. We work closely with students and families throughout the year to identify whether Saint George Academy is the right intellectual, personal, and community fit.

Grounded in the philosophy of the International Baccalaureate Middle Years Programme (IB MYP), our admissions process values curiosity, critical thinking, global awareness, creativity, reflection, and a willingness to engage meaningfully with the world.

IMPORTANT NOTES

- Saint George Academy utilizes a holistic admissions process that considers the whole student.
- TACHS participation is welcomed but is only one component of the admissions review process.
- International, multilingual, transfer, and nontraditional applicants are encouraged to apply.
- Financial aid and scholarship conversations are individualized and ongoing.
- Families are encouraged to begin the process early, as space in some programs may be limited.
