**Re: Corona Virus Update
School Closure**

Dear Parents:

The following decision was made in order to respond to the Corona Virus pandemic.

- 1. Students last day was today. We will be out through April 20th.**
- 2. Faculty are coming in tomorrow and Monday for planning and training.**
- 3. Tuesday we will be closed for St. Patrick's Day.**
- 4. Wednesday, March 18th, distance learning will begin.**
- 5. We will reassess at the end of the two week period whether we will return to school in the building on March 30th.**

We will be utilizing a new distance-learning program called NewRow. All students starting on Wednesday will have to show-up online for classes during their regular scheduled hours unless otherwise instructed by the teacher.

Please insure that your student has a lap-top with microphone and camera ready to go. Hopefully the extra time-off between today and Wednesday of next week will assist you in making sure your student is ready for online learning.

Thank you for your understanding and feel free to call the school should you have any questions. Likewise, I am more than happy to take your calls on my cell at (917) 696-8080. Thank you and please be safe as we wait for this virus to pass!

Best regards,

Andrew Stasiw
Principal
