**Open House:** Private tour available - call  
for an appointment

*Saint George Academy (SGA) is a co-educational, boutique, private Catholic high school located on a residential street in the East Village in New York City. SGA offers a family-like setting, where teachers are compassionate and caring, and where students benefit from individualized attention. We cultivate the highest standards in academics and moral character development.*

## ACADEMICS

It is by design that Saint George Academy maintains small classroom settings where students benefit from real one-on-one interaction with their teachers. Our college preparatory curriculum is designed to help students succeed in their university placement ambitions. SGA only accepts students who are college bound.

Our students excel in their passions and foster new interests. They are offered challenging and rigorous coursework at all levels and in all academic subjects. Our program allows each student to create a path that allows them to achieve their goals. Standardized test preparation is part of our curriculum. Our teachers foster critical thinking skills through discussion, coursework and testing. In addition to core subjects, SGA offers all students (4) years of Computer Coding, Music, and Art classes.

SGA students gain a strong sense of self and citizenship, and our graduates go on to become leaders in society.

## ATHLETICS

SGA encourages all students to participate in our sports teams including volleyball, basketball, and soccer. Though we are a small school, we believe that there is a correlation between strong academics and athletics. Team sports help students develop discipline in balancing their responsibilities in academics, athletics, and family life.

## Activities

Students can choose from a host of extracurricular activities including Student Council, Travel Club, Drama Club, Chess Club, Movie Club, Heritage Club, Yearbook Committee, as well as many community service opportunities and internships.

Cultural activities include participation in United Nations events, and local community events throughout the year.

Our annual Fall Retreat to the UAYA Campsite in the Catskill Mountains offers students an opportunity to bond with one another and foster a lifelong memories.
