

Students and teachers dressed for Halloween

Since the start of the school year, students have already enjoyed several schoolwide events, including a Halloween dance. On October 29, students, as well as some members of the faculty, came to school dressed in costumes. And later that day the school hosted a dance in the auditorium.

Freshmen and sophomore boys in costume

The SGA Administration and Faculty have many exciting plans for this school year, including a Christmas Concert, a School Retreat, and the

annual Drama and Heritage Club performances. Both students and faculty have so much to look forward to!

SGA Welcomes the New Members of Our Faculty!

For the 2021-2022 year, SGA has had the pleasure of welcoming two new teachers to our faculty – Mr. Joseph Anthony Corrado and Mr. Tyler Martin.

Mr. Joseph A. Corrado and Mr. Tyler Martin

Mr. Corrado currently teaches Spanish to grades 9-11. In the past, he taught middle school English, high school SATs, and college level ESL. He is originally from New York City and attended Georgetown University, and NYU Law. Mr. Corrado has been teaching 6 years. For several years he lived in Maui, Hawaii, where he dedicated himself to meditation. He loves to do yoga, dance, sing, meditate, and pray to God.

Mr. Martin, is the Athletic Director and Health and Physical Education teacher.

When asked about the school Mr. Martin stated, "...the school is very small and it is easy to know all of the students. The students have a lot of colorful personalities which is good when I am the new "Guy". I am still getting adjusted to how things run in this school, but my goal here is to motivate and push the kids to be their best....' Success is measured on how we prepare everyday.'"

We welcome our new faculty members to our SGA Family!
