SGA Students Shine in Annual Heritage Concert

On Thursday March 21 at 6:00pm, the Saint George Academy (SGA) Heritage Club presented its annual Heritage Concert in honor of the various ethnicities and cultures that grace our Academy. The concert brought together parents, faculty members, students and members of the Ukrainian American community.

SGA Students perform in a dramatic scene

This year's performance highlighted the works of Taras Shevchenko, Ukraine's national bard. The performance was spearheaded by director and SGA ESL teacher Iryna Chuyan. Under Mrs. Chuyan's direction, students recited poetry in both English and Ukrainian, performed a dramatic presentation of "Hamalia" by Taras Shevchenko, and delighted the audience with stunning musical performance. Students also contributed

before the performance by helping to create the necessary set and props.

SGA students build the set for the Heritage Concert

Following the literary and dramatic portions of the concert, the SGA Choir, under the direction of Ms. Anna Bachynska, with piano accompaniment by SGA Principal, Andriy Stasiw, performed to the delight of the assembled. In addition, SGA sophomore Kylee Varela and Principal Stasiw performed a surprise vocal duet of the Academy Award winning song "The Shallow". It was an evening to remember.

SGA Chorus rocks out some fabulous new songs
