

Bean Bag Toss

Game Instructions

Playing with two players, or two teams, each player/team chooses either colour of bags. Each player/team is given 3 bags of their chosen colour. Determine the throwing line based off age or skill level. Alternating players/teams, each player throws one of their bags, aiming for the greatest point value. A bag must be in the hole to be counted. If a thrown bag hits a hole, but doesn't fall into the hole, the bag stays until the round is over, and maybe the opponent will knock the bag into the hole.

After each player has tossed all their bags, remove the bags that have not fallen completely into the holes. The points are added up and the winner is determined by the highest score. You can vary the game by using cumulative scores for each game and the winner is determined by the first to reach 5000, 10,000, etc.

Adult Drinking Twist

Play as above. Points are replaced with fun drinking instructions.

500 point hole = Everybody else drinks!

300 point hole = Nobody drinks!

200 point hole = Everybody drinks

150 point hole = Nobody drinks!

100 point hole = Bottoms up!

75 point hole = Take a drink!

50 point hole = Give a drink!

25 point holes = Take a sip!

Shake up these instructions as you wish. Come up with your own version! Have fun!
