HOW TO PLAY:

1. Shuffle the cards so that you play different games each time you play.
2. Put the cards face down in a pile and draw from the top of the deck.
3. Flip the coin to determine whether you play as a "Duel" or a "Team".
To play as a Duel, 2 opponents go head-to-head. To play as a Team, follow the instructions for the number of teammates who play at any one time.
4. Look at the illustration on the card and then read the description to determine what the challenge is for that round.
5. If no time limit is mentioned, then the default time limit for each game is 60 seconds.
6. Do a total of 10 rounds and add up your points. At the end of 10 rounds, you may either stop or do another 10 rounds.
