## Scrapmania Indoor Garage Sales Thursday, March 6th - Monday, March 10th

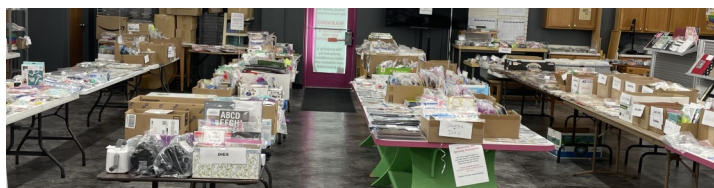

Be sure to Save the Date for our next INDOOR Scrapmania Crafty Garage Sale! Customers mark their treasures they no longer use, then we organize it all in our HUGE store, and you get to come SHOP!!! It is a win, win for sellers and shoppers!

What kinds of things do we usually have-thousands of stamps, die cutting machines, Cricuts & cartridges, dies, trimmers, yarn, punches, paper, storage, ribbon, embellishments, tools-pretty much EVERYTHING CRAFTY! This is a fantastic way to stock up on creative stuff without blowing the bank!

Sunday & Monday are both half price days, so make sure to come in at least twice, on a regular price day, and again on half price day! There will be a new video posted on Facebook everyday showing how much is left at the sale. You NEVER MISS OUT on the good stuff by missing the first couple days! We get so much, there is ALWAYS still good stuff left, I promise!

Do you want to SELL your stuff you no longer use? GREAT--You purchase a seller number for \$5.00, that number is yours for future garage sales too, if you choose to keep participating, just reactivate your number at each sale. 80% of what you make gets saved into our computer system as store credit that DOES NOT EXPIRE! The remaining 20% is used to cover my additional help at the store, as well as my credit card processing fees.

There are a few rules sellers must abide by: Use a 3x5 index card that includes seller #, price, & item description. Only clean, non-broken items, you know the good stuff that other people want! We don't want to be thought of as a junk sale, as we always have fantastic items! Once the sale is over, we organize the seller's items back into boxes, and you pick up the leftovers, hopefully you have none! We always have new sellers at each sale, which keeps things fresh! Stop by Scrapmania for a complete list of rules. Items can be dropped off starting 5 days before the sale and must be picked up in the 3 days after the sale ends unless you would like them donated. Any questions, please feel free to ask! 319-377-9999

# Scrapmania Design Team

Jennifer has once again created three stunning card designs with easy instructions so you can create these cards on your own.

© Jennifer Kinney

Jennifer created a shaped card using the Dotted Fancy Frames from Pinkfresh Studio. The base is made using the largest die and then the inset is made using the middle set of dies. The flower bouquet is from the Wildflower Bouquet set by Pinkfresh Studio. The die set includes a small die that cuts a slit in the card stock so that you can wrap a piece of ribbon or twine around the bouquet - such a fun touch! If you are not

a colorist, this stamp set offers a set of stencils to make the coloring so easy! The sentiment is from The Inside Scoop - Sympathy from Taylored Expressions.

Jennifer again used the Wildflower Bouquet stamp set from Pinkfresh Studio. This time, she heat embossed the flowers with white embossing powder on watercolor paper. She then water colored over the flowers and die cut them. The diagonal lines on the background were created by simply running the Diagonal Plaid press plate by Pinkfresh Studio through the die cut machine with the card stock to create an impression; there was no ink or foil used. The sentiment was embossed with gold on vellum. A circle was cut from the card base and the top panel, and the vellum piece was adhered between the two layers. A Nesting Circle Frames die from Waffle Flower was cut from pink card stock and adhered to the top panel.

*Merry Christmas*

Jennifer created the pink plaid background using the Diagonal Plaid press plate from Pinkfresh Studio with Wild Berry ink. She inked the plate, ran it through the die cut machine, then turned it 90 degrees, inked it again, and ran it through the die cut machine again to create the plaid. The Wild Berry ink is a stunning color and looks great with navy! Using just the edge of the Dotted Fancy Frames die, Jennifer cut a piece of card stock from pink,

navy and white and adhered them to the plaid panel. The sentiment is from the Wildflower Bouquet stamp set from Pinkfresh Studio and is stamped in navy ink. Lots of white space on this one with the colorful pops of color.

For her first card, Karen used primary rainbow colors for stenciling, along with a lighter brown ink to stamp the images, creating a softer look on them. The Lawn Fawn Small Stitched Rounded Rectangle Stackables were used to provide a simple layered look to the card. Karen says she loves using the Lawn Fawn Coloring Stencils as they are so easy to color images in with!

For her second card, Karen created a simple rainbow grid-style design, using the stack of books and worm images. She started by ink blending the stacks of books in rainbow colors, die cutting them and adhering them onto a small die cut circle with foam squares to create some dimension. She also added just one book worm, or as her son would call it, a "little buddy". She used a rainbow striped piece of cardstock to adhere the book stacks and circles on and added her sentiment to complete this card.

For her third card, Karen started by choosing her ink color pallet to match the paper pack she wanted to use, Lawn Fawn Falling Leaves collection. She just loves the colors in this paper pack! She then used the coloring stencils to color all her images in. She adhered the images onto a piece of paper from that paper collection, die cut from the Waffle Flower Postage Collage Die. The sentiment was cut from a solid piece of cardstock using the Lawn Fawn Thanks die and adhering it tucked under the images.

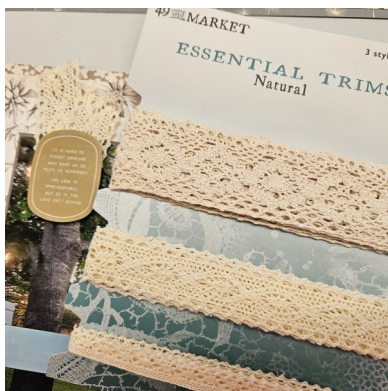

For Toni's project this month she started looking ahead to the holiday season by making an album for her mom. Toni had been looking around for months for the perfect scrapbook collection to use for this album. That's when Toni spotted the Remember Collection by Simple Stories. It's a perfect collection to honor a loved one who has passed or simply use the beautiful pieces for any project!

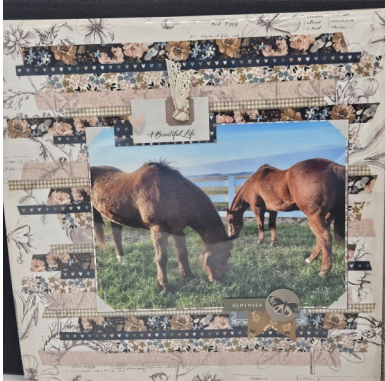

When creating each page for this album Toni wanted the main focus to be on the photo. She did not want to detract from the photo with titles or journaling. Toni chose to enlarge the photos and mat most of them. She would then slightly offset the photo, following the Rule of Thirds. Incorporating the Rule of Thirds into your scrapbooking can elevate your designs, making them more balanced, dynamic, and visually appealing. This effective technique will help you create layouts with clear focal points and a natural flow. After that she would create clusters, usually in groups of three, to guide your eye around the page. To create the clusters, she would group various ephemera pieces, stickers and enamel dots. Toni used foam adhesive to lift various parts of the clusters to add more depth and interest. This technique makes the butterflies appear as if they were flying right off the page! To add even more texture, she stapled the beautiful Natural Trim from 49 and Market on different tags throughout the album.

Click on Photo to Shop Simple Stories Remember Collection

The Rule of Thirds is a design concept which enables you to build a design by focusing on different sections created using a grid. This grid consists of three evenly spaced rows and columns to make nine equal sections. Using the Rule of Thirds grid helps to take the guesswork out of planning your design and helps you to determine where to position your key elements. Placing your elements on the lines or at the intersecting points of the grid draws the eye to the focal point of your design, thus making your design more interesting and dynamic.

Follow these simple steps to design a scrapbooking layout using the Rule of Thirds:

- Gather all of your supplies including your photo, your background paper and any embellishments that you wish to use.
- Lay your background paper down and then imaging the rule of thirds grid laying over your background page.
- Decide where to place your photo, ideally on one of the four intersecting points of the grid.
- Start to place your embellishments down, keeping the placement along the lines of the grid
- Adhere your photo to the layout on top of your embellishments.
- Add any sentiments or a title to your layout, this can be added along one of the horizontal grid lines, and now your layout is done!

So, gather your supplies, follow the steps, and see how the Rule of Thirds can transform your scrapbooking layouts!
