## Scrapmania Summer Indoor Garage Sale

Thursday, June 2nd at 12 PM—Monday, June 6th at 3 PM

Be sure to Save the Date for our next INDOOR Scrapmania Crafty Garage Sale! Customers mark their treasures they no longer use, then we organize it all in our HUGE store, and you get to come SHOP!!! It's a win, win for sellers and shoppers!

What kinds of things do we usually have—thousands of stamps, die cutting machines, Cricuts & cartridges, dies, trimmers, yarn, punches, paper, storage, ribbon, embellishments, tools—pretty much EVERYTHING CRAFTY! This is a great way to stock up on creative stuff without blowing the bank!

Sunday & Monday are both half price days, so make sure to come in at least twice, on a regular price day, and again on half price day! There will be a new video posted on Facebook everyday showing how much is left at the sale. You NEVER MISS OUT on the good stuff by missing the first couple days! We get so much, there is ALWAYS still good stuff left, I promise!

Do you want to SELL your stuff, you no longer use? GREAT--You purchase a seller number for \$5.00, that number is yours for future garage sales too, if you choose to keep participating, just reactivate your number at each sale. **80% of what you make gets saved into our computer system as store credit that DOES NOT EXPIRE! The remaining 20% is used to cover my additional help at the store, as well as my credit card processing fees.**

There are a few rules sellers must abide by: clean, non-broken items, you know the good stuff that other people want! We don't want to be thought of as a junk sale, as we always have fantastic items! Once the sale is over, we organize the seller's items back into boxes, and you pick up the leftovers, hopefully you have none! This sale is looking to be our biggest & best one yet! We always have new sellers at each sale too, which keeps things fresh! Stop into Scrapmania for a complete list of rules. Items can be dropped off starting 3 days before the sale and must be picked up in the 3 days after the sale ends unless you would like them donated. Any questions, please feel free to ask! 319-377-9999

**Join us at Scrapmania for a CARD SWAP!!**  
**SATURDAY, AUGUST 13th 11:00am – 2:00pm**

What a fun way to get a variety of cards all at once! There will be a \$10 fee for you to participate but you will get a \$5 store credit to be used the day of the swap, plus 10% off on your purchases that day! The other \$5 will go towards snacks from your hostess.

Please use quality products like those found here at Scrapmania. No construction paper, or items that are not quality supplies. We want each participant to be happy with their cards received in the swap, including you! Our minimum swap size will be 6, and a maximum of 12 attendees.

Have questions, or want to sign up? Please contact Stephanie Benway at 563-260-6889

Each participant creates and assembles one card to be used as an example then cuts pieces to make more of the same card and package the pieces together in Ziplock baggies or clear cellophane bags that seal, including any embellishments as well as have the images/sentiments pre-stamped. All packages along with the original and taken to the store on assigned day (swap day). If you can't attend swap day, you will need to drop off your bagged cards at Scrapmania no later than August 3rd. This includes if you must mail the kits and sample card. If you must mail the kits and sample card you are responsible for return postage of card kits. If mailed, the kits must be placed in a gallon Ziplock bag with your name on it and the kits due to you will be returned in the same bag along with the card sample that you sent. On swap day you will assemble the cards from your assigned group and leave with other cards plus the original card you made! If your card requires coloring, please bring the colors used to the swap so others can finish their coloring too.

Items that are required to bring with you to assemble your cards are: Adhesive, pop dots, double sided tape, glue, and scissors. Craft mat is optional.

All cards must be made of quality paper and be A2 (5 ½ x 4 ¼) in size. No envelope is required! Cards need to all be the same. There is no theme for this swap, but we may add a theme in the future!

- Ken Oliver Crafts Fuchsia Color Burst
- Elizabeth Craft Designs Strawberries Die
- Sizzix Sidekick Die Cutting Machine
- Deco Foil Clear Toner Sheets in Dainty Hearts
- Gina K. Red Fancy Foil
- Sprinkles Epoxy Stickers in Bubblegum by Doodlebug Designs

May Design Team worked with a Let's Get Fruity theme. Toni wanted this page to look like an overflowing basket of yummy strawberries. She had never used the toner sheets before or the foil. She thought that the foil went onto the paper and was going to use it as the design on the berries but after she realized it didn't transfer to the paper, she had to change her plan a little bit. She then decided to use the hearts as a background layer. She started with spraying the background with a bunch of water and then puffed some of the color burst onto the page and used a heat tool to spread the color and dry it. Toni did this process a few times until she got the coverage she wanted. Toni then layered the foiled hearts to complete the background. The next step was cutting out a BUNCH of strawberries. She made about 80 in total. Toni loved that this die also has embossing for the strawberry seeds to add a fun texture! She mixed and matched the two pinks for strawberries with two greens for the stems. She matted her photo with two layers of vellum and roughed up the edges and then added a white mat. After she placed the photo, she used her tape runner to add a bunch of stripes on the bottom of the page to add the strawberries to and started placing them haphazardly. Once they were placed, she added foam dots to some to add a lot of dimension, and used glue to keep the strawberries in place as the tape runner was not enough to permanently keep them in place. She added the title with sticker letters and cut out the word strawberries using her Silhouette Cameo in the Sweet Hypster font. She used the Sprinkles to complete the title and add some fun clusters around the photo which add even more dimension to the page!

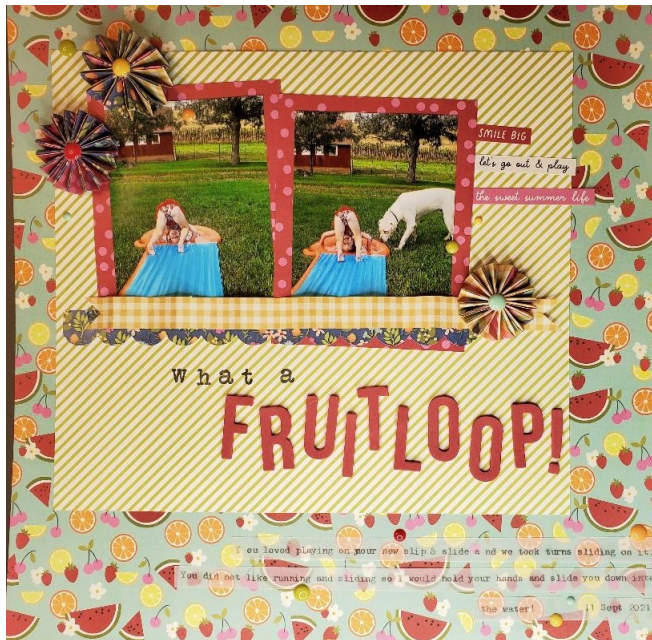

### Design Team Member Tonielle Parizek What a Fun Bunch

- Bella Blvd Squeeze the Day Collection 12x12 Paper, Washi Tape, Chipboard and Epoxy Stickers
- Doodlebug Designs Bumblebee Sunshine Cardstock Alphabet
- Penless QR Code Video Stickers
- Tim Holtz Kitsch Flamingo Distress Paint

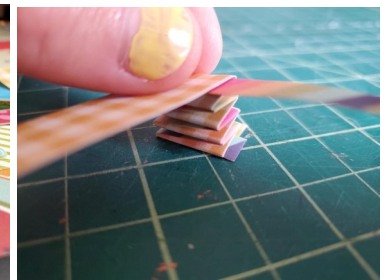

Toni's good friend brought her kids to her house for the weekend, so she had A LOT of pics to share but didn't want to do multiple layouts, so she decided to add a waterfall of pics using the washi tape to "hinge" the pictures. She started this layout by splattering the distress paint on the background using the Tim Holtz splatter brush. It's so easy to use her four-year-old daughter did it and it looks great! This layout came together quickly. She matted the pictures that were going to be in the waterfall, made the waterfall and then added all the fun embellishment stickers in clusters! She cut out some circles of the black and white paper to help the title stand out and the bulk of this layout was complete, but she wanted to add one more bit of pizzazz! She had a fun video of the kids playing on the trampoline, so her husband used a free video editing app to spice it up a bit and then added it to the pineapple Penless QR Code sticker. Toni is not super comfortable with technology, so she was a little intimidated by this step, but it was actually super easy! You need the Penless app to put a video on the sticker but ANYBODY with a smart phone can play the video. All they need to do is take a picture with their phone of the QR code and press the notification that pops up on the screen of their phone and it will take you to the video!! She is now obsessed with these stickers! Toni loves having pictures of memories but sometimes a video of the action makes it even better! Plus, she loves hiding fun interactive elements in her pages and her daughter loves playing with them when she looks at her albums!

## May Design Team Member Tonielle Parizek What a Fruitloop

- Simple Stories Summer Lovin' Collection 12x12 Paper, Enamel Dots, Sticker Sheet, and Washi Tape
- Bazzill Vellum
- Simple Stories Color Vibe Red Foam Alpha Stickers

Toni absolutely LOVES the washi tape in this collection, and she wanted to make it a focus of the page. She sometimes has a hard time finding ways to use washi tape on pages, so she really wanted to try something new to showcase the super cute designs of this washi tape. Do you remember the perforated thin edges on the stacks of paper for the old computers that had the holes in the side? Toni would take those thin strips of paper and fold them perpendicular to each other to create a chain. She tried that with the washi tape, and it morphed into the cute pinwheel embellishments! Before she started folding, she stuck the washi tape to thin computer paper so it would help it hold shape and so the design on the tape would be more vibrant! After she got done folding the paper, she punched out a 1 1/4" circle of paper and hot glued the pinwheel onto it to help it hold shape and finished it off with an enamel dot in the middle! On the bottom of the picture, she used the border sticker from the sticker sheet and a leftover piece of washi tape from one of the first pinwheels she tried to create the textured yellow border. Toni loves the fun summer vibe this layout exudes along with all the great textures it has!

## May Design Team Member Karen Schatz You're One in a Melon Card

Karen absolutely loves this month's theme and chose to use the Taylored Expressions Tutti Frutti stamps and dies! This set is so fun and perfect for these warmer spring and summer days!

She started off by stamping quite a few images using Taylored Expressions Oreo ink with her Misti and Just Press Tool, and then she used Copic markers to color the images.

She thought it would be fun to add a little bit of sparkle to this card, so she used a Quickie Glue Pen and some fine gold glitter for the watermelon's wand.

The black watermelon seeds were stenciled on using the Taylored Expressions Wonky Dots stencil, Oreo ink and a mini blending brush.

She used Taylored Expressions Watermelon, Lime Zest and Cilantro cardstock colors, and then attached them to a white mini slimline card base.

May Design Team Member Karen Schatz  
Thanks Card

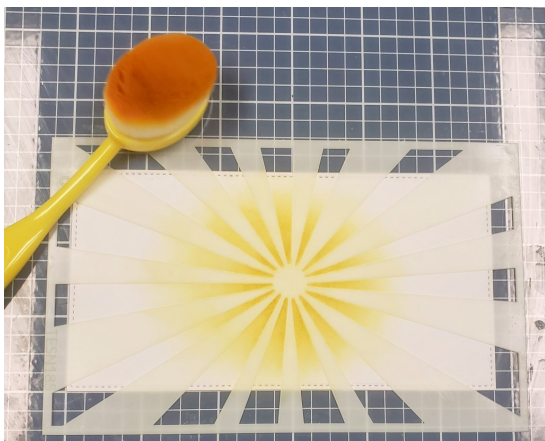

For her second card she decided to create a mini slimline. Karen used the Taylored Expressions Rotating Rays mini slim stencil and adhered it to her cardstock with some Pixie Spray. Next she blended Taylored Expressions inks in a circular pattern, beginning in the middle with Pineapple, and blending out towards the ends with Lemon Meringue.

Once the ink blending was done, she used a small pallet knife and Lawn Fawns Fairy Dust stencil paste over the sun rays and set it aside to dry.

She cut two of the Thanks word die pieces out of Taylored Expressions Lollipop cardstock and glued them together to create a little bit of dimension and used a Photoplay Paper Stitched Frames mini slimline die to cut the sun ray panel with a stitched edge.

Once the stencil paste was completely dry, she finished assembling her card.

Karen loved how this card turned out with the colorful fruit pieces, glittery and bright yellow sunshine rays, and the pretty pink card base. It's such a happy card!

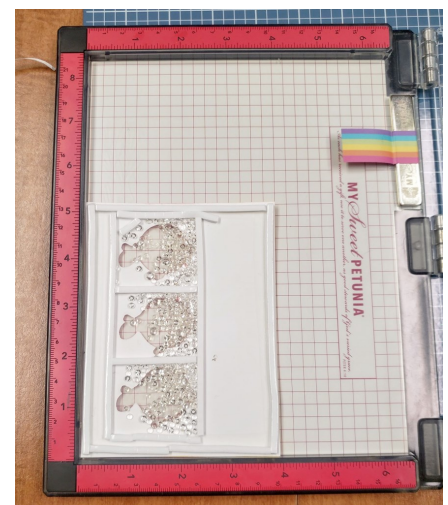

## May Design Team Member Karen Schatz I'm Here for You Card

For her third card Karen thought it would be fun to create a shaker. She blended her ink using only two colors that blended well together to create a third color in the middle of my paper. Karen then die cut the lemon out of that panel three times and stamped her sentiment at the bottom.

She cut another white panel of the same size and glued the three lemon images onto that. Then she created her wells for the shaker elements using Taylored Expressions Foam Sticky Strips and a sheet of acetate. Once she had enough jewels in each area, she used her Misti to line her edges up perfectly for the bottom and top panels. She then adhered the shaker panel to a Pineapple card base and added some Simple Stories Sunkissed enamel dots.

### May Design Team Member Jennifer Kinney Cherry on Top Card

Jennifer was inspired to create a circle card after seeing the new circle hot foil plates from Pinkfresh Studio. It can be fun to break out of a rut of A2 rectangle cards. She used the largest circle plate with black foil from Spellbinders. The high contrast between the shiny black circle and the white card stock is really sharp! She topped it with the cherries from the Color Layering Cherries set from Hero Arts (such an awesome set!) and a simple sentiment. It's a very clean and simple card kicked up a notch with the foiling and the shape.

### May Design Team Member Jennifer Kinney Hello Friend Cherry Card

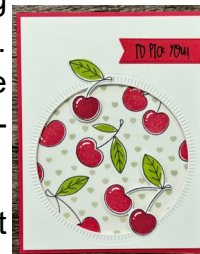

Here are the cherries again - such a great set! This time Jennifer played with a different color combo - the cherries are a bit pinker, and the leaves are more of a blue green. She adhered the cherries on a stitched panel, which she then adhered to a scalloped panel. Using foam tape, she popped up the white panels on top of the pattern paper panel. All the panels were die cut using Lawn Fawn dies (these dies are a great basic supply that she used over and over again).

## May Design Team Member Lisa McBride

Lisa used the Taylored Expressions Very Cherry cling and clear combo this month to make her three cards. Here is a picture of the supplies and the ink colors she used for her three cards. The Taylored Expressions bity blending brushes are great for inking smaller areas.

On her I'd Pick You card, Lisa wanted to let the bright red cherries be the focus of the card and she liked the look of a couple of them hanging around on the other edges of the circle.

For her Note to Cherry you Up card she wanted subtle colors that were muted from what would be considered the norm for cherries.

When deciding on the layout for this card she wanted her sentiment to be a half circle at the top of the card.

She used the Lawn Fawn Just Stitching Double Rectangles die to add stitching to the card. This was done after the stenciled layer was adhered to the green mat and the sentiment circle was added to the stenciled layer. She wanted the stitching to show up on all three layers.

The photo shows the placement of the foam tape on the card with the circle cut out. Lisa liked the dimension it gave and how it created a focus point for the stamped cherries. When she had to line up a card front with a base, she put the top upside down in her Score Buddy and then lined up the base into that same corner. This is a life saver when it comes to things with the foam tape where you only get ONE chance to get it straight!

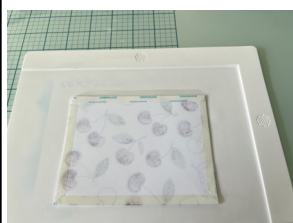

Lisa's Thanks Cherry Much flat shaker card is very simple to put together and would be ideal for sending in the mail.

Here is a look at the back of the shaker card to show where she placed the scor Pal tape and the sheet of acetate, using packaging from a stamp trimmed to size.

When Lisa folded over her corners, she mitered them just like she would when covering chipboard for a mini album. She left one of the longer edges open so it would be easy to add the shaker bits. She laid her card on the Waffle flower mini media mat to help hold it in place. It's like an extra pair of hands when working so your project doesn't slide all over. It also came in handy when pouring different shaker items into the clear pocket to catch her extras. She was able to pick up the mat and fold it in half to get all the extra bits back into their containers.

**Lemon Card Just Because Card**

Jennifer wanted to play with watercolors for her third card for Scrapmania this month. For the background she wet the top corner of her card and then added some Distress Oxide inks. She used her brush and a spray bottle to move the color around until she was satisfied with the look. After it was dried, she splattered a bit of ink. The lemons and leaves are from the super fun Lemon Zest set by Spellbinders. Jennifer used the ink smooching technique with her Distress Oxide inks to add color to a piece of watercolor card stock before die cutting the various pieces. She adhered the die cuts to the panel and then added the sentiment from the Signature Sentiments set by Taylored Expressions, which has so many common phrases in a great font mix!
