Meant to *Be Yours*

A simple reflection sheet — because some love stories find their way back 💕

"They did not meet because they were looking for love. They met because life kept putting them in each other's path — and slowly, carefully, they started to wonder if maybe that meant something." — Karlene Pitters

🌟 QUICK REFLECTION

Have you ever connected with someone who understood a wound of yours simply because they carried a similar one?

✦ REFLECTING ON THE SERIES

Do you believe two people can heal separately and still find their way to each other, without either one being a "rescue"?

🌸 THIS WEEK'S AFFIRMATION

✦ READ THIS OUT LOUD ✦

"I believe love can find its way back. I trust that my story is not over just because a chapter ended. I am open to what is meant for me." 💕
