The Love We Sometimes Forget to Be Thankful For

Love Worth Being Thankful For · November 2026

Part 1: Then and Now

Think back to a season when you wondered if the right kind of love would ever find you. Then look at where you are today.

THEN

What I was feeling, hoping, or afraid of:

NOW

What's different in my heart or my life today:

Something I have now that I once only hoped for:

Part 2: The Love Worth Remembering

💞 The love that stayed: who has stayed, and what has it meant to me?

💞 The love that healed: how has love helped me heal from my past?

💞 The love that let me hope again: what kept my heart open?

💞 The love I gave myself: what choice to heal or grow am I proud of?

Part 3: My Thank-You Note

Write a note to your partner, a friend, a family member, or your past self for not giving up. Copy it onto a card if you'd like to give it away. 💗

Dear _____,

With love and gratitude,

_____

Part 4: At the Table

This Thanksgiving, I'm thankful for _____
because _____.

Fill this in before dinner so it's ready when it's your turn to share. 🦃

If you're still waiting

The people who have loved me through this season are:

_____

_____

> *"My season of waiting isn't wasted. I'm making room for a love that will feel like home, and I'm already surrounded by love worth being thankful for."*

Want to go deeper? My workbook *The Love That Feels Like Home* is all about finding love from a place of wholeness. 💕

Hi, friend,

Happy Thanksgiving week! This week we gather around the table and name the blessings in our lives. This year, I'd love for you to add one more to your list: the healthy love you once wondered if you'd ever find.

In our *Love Worth Being Thankful For* finale, I'm talking about how healthy love can settle in so quietly that we forget it was once only a hope, and about the love that stayed, the love that healed, the love that let us hope again, and the love we gave ourselves.

And if you're still in a season of waiting, there's a part of this post written just for you.
