

Paul and Ruth Lemp Memorial Community Garden Gardener's News Bulletin June 8, 2024

Hello Gardeners! "June is bustin out all over" Including the Paul and Ruth Lemp Memorial Community Garden

Two very important dates are coming up in the next nine days:
The **GARDEN PLANTING DEADLINE (June 16)**
and our **ANNUAL PARTY (June 17)!**

GARDEN PLANTING DEADLINE

As written on pages 7 and 8 of the Gardener's Welcome Packet (manual), all gardens should be planted with either seeds or "starts" (growing) plants, by the end of this coming week, **June 16th**.

6. Gardeners should have their beds fully planted by the third week of June.
10. Gardeners must maintain their beds, keeping them weed-free and cared for. If a bed appears abandoned, we will contact the gardener and if necessary it may be re-assigned to someone else.

ANNUAL WELCOME THE SUMMER GARDEN PARTY!

A poster is attached. The Church will provide Burgers, Brats/Hot Dogs and cold water. You bring the snacks, side dishes, etc. to share. Come and meet your 2024 Gardening partners!

GARDEN BED ASSIGNMENTS

It seems no matter how hard we try, there are always a few slip-ups. For instance, Bed 51 looks really great, but we don't know who planted it; our map says "available". We can't find a registration for someone named "available" Please confirm your assigned bed numbers with Dan so that we can make and post the new map on the gates!
