

JOIN OUR TEAM

Fentanyl is here in Rhode Island. We can't ignore it. But we can work together as a community to reduce its impact. Because one pill can kill.

“NOT MY CHILD”

WE AS PARENTS AND MEMBERS OF FAMILIES AND FRIEND NETWORKS NEED TO STOP THINKING THOSE, WE LOVE WOULD NEVER TRY DRUGS. IT IS VERY LIKELY THEY WILL EXPERIMENT AT SOME POINT IN THEIR LIVES. IT MIGHT BE TO "RELAX" OR HAVE FUN. IT MIGHT BE BECAUSE THEY WANT TO SEE WHAT ALL THE FUSS IS ABOUT. OR THEY THEY MAY THINK IT'S THE ONLY WAY TO FIT IN, BE POPULAR OR BE ACCEPTED.

OUR ADVICE? HAVE HONEST CONVERSATIONS WITH YOUR LOVED ONES AT A YOUNG AGE. MONITOR THEIR SOCIAL MEDIA AND ELECTRONIC DEVICE USAGE.

Let's Stop Drugs & Substance Abuse!

SAVE LIVES!

OUR STORY

Our foundation was established in memory of Nicolis Buonomano, whose life was tragically cut short due to fentanyl at the age of 33. We are committed to preventing similar tragedies through education, advocacy, and support. His spirit lives on in our commitment to helping others avoid the same fate.

EDUCATE RHODE ISLAND

Opioids/Fentanyl are a major problem in our country and right here in Rhode Island. As if that wasn't difficult enough, drug dealers are now peddling colorful pills laced with Fentanyl and targeting younger children. Because of those bright colors, many children may not realize they are taking dangerous, even lethal, drugs. Some call these "rainbow candy" and innocent children are in danger.

- offer drug addiction resources.
- Discuss the dangers of drugs with children and young adults and adults.
- Provide resources for law enforcement.
- Make Narcan available through trained professionals EMS, law enforcement, Schools, Libraries, etc.
- Keep the lines of communication open

JUST SAY NO, AMERICA !

"Fentanyl is the single deadliest drug threat our nation has ever encountered. Fentanyl is everywhere. From large metropolitan areas to rural America, no community is safe from this poison. We must take every opportunity to spread the word to prevent fentanyl-related overdose death and poisonings from claiming scores of American lives every day."

- DEA Administrator Anne Milgram

Let it be Clear, Drug use is Deadly and there is NO SAFE WAY TO DO DRUGS, PERIOD!!!!
