

Product Summary

The Western Global 500-Gallon FuelCube is a compact and economic stationary steel fuel tank designed for onsite diesel fuel supply and fleet refueling. The FuelCube features double walls, an integral, lockable equipment cabinet for security and 4-way forklift pockets for easy mobility when empty.

Features + Benefits

- Stationary steel fuel tank for onsite diesel fuel supply and fleet refueling
- FuelCube Plus double wall eliminates the need for spill basins
- Heavy-duty skid base and 4-way fork pockets
- Lockable equipment cabinet
- UL listed fuel tank
- Corner brackets for easy stacking while empty
- 110% percent contained
- Safe fill (95%): 502 U.S. gallons
- Brim fill: 528 U.S. gallons
