

To Whom This May Concern –

My name is Chris Visser. I've helped produce NFL/MLB broadcasts for the last 40 years (The NFL on Fox 18 years)... MUCH more importantly, I have had the privilege to help honor a number of Iraq & Afghanistan conflict amputees with the creation of America's "Wounded Warrior Amputee Football Team"... Jerry Davis has been a *major* contributor in the success of these tributes. If you have a moment please see the videos below which illustrate how USMC G.J. Davis has helped the WWAFT with their flag football games vs the NFL Alumni... The team has played at ten Super Bowls, eleven other games, including three Philadelphia games. Jerry Davis has graciously offered to officiate all three... If you need an additional reference for how G.J. Davis has supported veterans, I can introduce you to former Eagle Ron Jaworski, who also participated in these three WWAFT games which G.J. Davis officiated. For more on Jerry's contributions see below:

I have done a number of NFL telecasts with Mike Pereira and I am pleased to be able to endorse Jerry Davis to Mike and his *Battlefields to Ballfields* cause! If you wish to contact me regarding this endorsement, please do so.

Semper Fi, Jerry Davis, Semper Fi!... THANK YOU!
