 - Serve as main point of contact for management, clients, and third-party contractors
 - Ensure project timelines, safety standards, and customer satisfaction goals are met
 - Assign tasks and ensure that equipment, tools, and materials are job-ready while following HUS red tag/green tag procedures
 - Identify field issues and troubleshoot on the spot with minimal oversight
 - Ensure safe and proper equipment loading according to DOT requirements
 - Mentor Junior Operators and Technicians to develop future leaders
 - Maintain detailed daily job records and ensure all field paperwork is completed timely
 - Enforce safety protocols and empower team to stop work if unsafe conditions arise
 - Communicate regularly with the Field Operations Manager and project leadership
 - Be able to line up/order and off-rent rental equipment
 - Travel by driving or flying with field crews to projects throughout the U.S.
 - Represent Hook'd Up Services with professionalism at all times
 - Safely drive a company truck, pull trailers, and fill out DOT paperwork while traveling nationwide
-

EDUCATION/EXPERIENCE DESIRED:

- High school diploma or equivalent preferred

- 6+ years of progressive pipeline field experience, including crew leadership
- Valid Class C driver's license
- Ability to obtain Class A CDL
- Must be willing to obtain TWIC card and a DOT Medical Card
- Complete company-provided safety training
