Each program area at BGCDV is designed to empower young people to reach their full potential. Our Health & Well-Being programs foster healthy lifestyle choices, while Character & Leadership initiatives build confidence and inspire community engagement. Academic Success is supported through homework help and educational activities, and Life & Workforce Readiness prepares youth for the future. By bringing partners together every month around shared goals, we're making sure every child has a clear path to reading success by third grade and the confidence to dream big about their future."
