

# The Normanby 10k 27<sup>th</sup> June 2021, 08:30-10:30

We appreciate it's a strange time at the minute and for some the arrival of a 'running event' may cause mixed emotions.

However we wouldn't be returning to events if it wasn't safe to do so, and it's a situation we monitor daily.

The Normanby Hall 10k event is not as it was previously. We will not be having a mass of runners and spectators at the start/finish and its has been specially re-designed for the Covid-19 environment under UK Athletics guidance.

## **Covid-19 safe:**

- The event is licensed under the new UK Athletics government guidelines and we have completely re-designed the event to enable it to go ahead safely. We have 750 runners spread over a 10km route.
- The start is staggered with runners set off staggered over 30 minutes, so you will see a steady flow of runners coming through your village. They are also been set off fastest first to help avoid overtaking. Expect to see the Bumblebee mascot at the back of the runners!
- You can find out more about the event in the athlete information pack and look at the athlete and spectator code of conduct helping to make things safer and more enjoyable on the route. [Find the full information pack here.](#)
- A Covid officer & UKA adjudicator will be present on the day and please get in touch with queries. [Contact@curlysathletes.co.uk](mailto:Contact@curlysathletes.co.uk)

## **Road closures:**

We apologise for any disruption and really appreciate your support. Many of our charities we work with haven't been able to do any fundraising this year.
