

## ENTREPRENEURSHIP, CREATIVITY & INNOVATION RATING

FOR

# SCHOOL

This is a landmark initiative by Global Entrepreneurs Grid (GEG) to assess the Schools on the basis of 'Entrepreneurship, Creativity & Innovation'. The focus is to recognize the institutions for their outstanding efforts to promote start-up eco-system within the premises and also further connecting with the start-up world outside.

**This is round the year activity. Grading is given within one month once a school submits the application form with all relevant details and credentials. Application is assessed by top expertise at GEG HQ.**

This recognition would showcase the institutions to the world for their remarkable contributions to nurture and promote entrepreneurship among students. This would encourage other schools also to redesign their processes to embed more innovative practices to encourage entrepreneurship.

Entrepreneurship can address wide varieties of issues such as employability, innovation, economic growth and prosperity of a nation.

GEG has taken the lead to initiate a 'Rating System' for Schools across the world based on various activities taken up in this important area.

**Rating is done on the basis of grading only as mentioned in the table based on the fulfilment of corresponding criteria.**

The rating will include following parameters, corresponding weightage and grading .

SL NO	PARAMETERS	WEIGHTAGE (OUT OF 100)	GRADING
1.	Best Practices – Gamification, Role Play, Quiz, Spell Bee, Debate, Declamation, Olympiad, Elocution , Lab Activities (e.g. Math, English etc), Jam , Meet an Entrepreneur, Exhibition, Fair, Educational Trip etc.	40	<b><u>Excellent</u></b> (90-100): AAA+
2.	Innovative Teaching – Learning Process (e.g. activity based learning, hands-on learning, discussion, team assignment, podcast, digital board, innovative lesson plan, story-telling, computer aided learning etc)	30	<b><u>Outstanding</u></b> (80 less than and equal to 89): AA+
3.	Sports, various events, annual day celebration, community engagement, NCC activities, NSS Activities, Chess and various other indoor and outdoor games.	15	<b><u>Very Good</u></b> (70 less than and equal to 79): A+
4.	Atal Tinkering Tank and other specific activities to promote craftsmanship and vocational skills	10	

5.	Role of Teacher – beyond teaching ( Teacher Training, Certification, Career Advancement Scheme etc)	5	<p><b><u>Good</u></b></p> <p>(60 less than and equal to 69): A</p>
----	---	---	--

As a part of our ‘Go Green’ policy, we request institutions to submit the duly filled-in soft copy along with credentials (if any, scanned copy) to [chairman@globalentrepreneursgrid.com](mailto:chairman@globalentrepreneursgrid.com)

GEG will assess the application form and finalize the complete process. The decision of the GEG is final and binding in the aspect. GEG will update the participating Schools about the progress and interact until the rating process is completed for various data and related information.

The rating will be announced within one month from the date of submission of application form. The plaque will be presented to the successful Schools every year in the Annual Global Edu Summit in September hosted by MTC Global – a global think tank in higher education. The institutions will receive the certificate immediately once the result is announced. However, the institution may collect the plaque along with the certificate if so desires.

This is an initiative by GEG to promote entrepreneurship in campuses and also bring forth many synergistic efforts to campuses.
