PRODUCT CATALOGUE 2021

Create your own dazzling Sequin Wall for parties, events, home or business.

Use your imagination to combine the panels into unlimited shapes and sizes, making them suitable for you to use in any space.

Made from high quality, non-toxic materials, with a UV-resistant coating means the colour won't fade and remains highly reflective, even when exposed to the elements or direct sunlight.

Starting from just £10.80 per panel, each is available in 29cmx29cm and 30cmx30cm, with circle, octagon or square sequin options.

We have served 2500+ small and large businesses in total installing 50 000 sequin panels.

Colour: 40/Powder

SolaAir®

Unique technology

Elastic and flexible

The panel can be mounted on an uneven surface.

Durability and strength

Panels are made from high quality materials that provide service life up to 10 years.

Easy to install

Connecting elements enough to snap in between panels and the design is ready, no need to use a basic substrate.

Designs of any size

From 30 cm to unlimited number of square meters.

Easy throughout

Panel is 5 times lighter than analogues, is attached to the surface with screws, brackets and even two-sided adhesive tape.

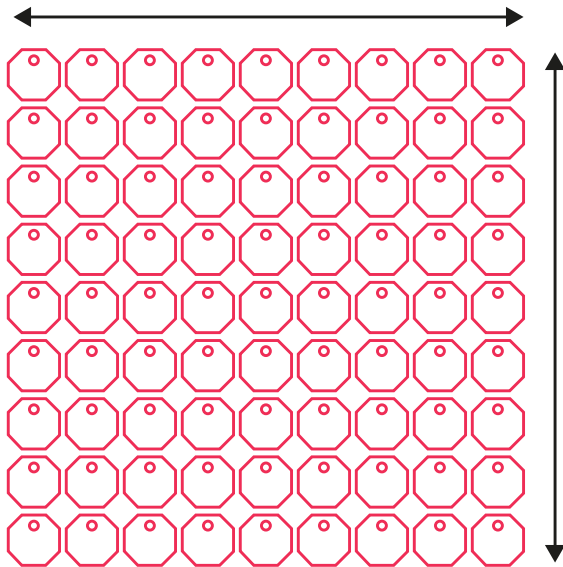

100% colour retention

The coating is resistant to UV rays and has a high reflectance.
