Principal Message

Rev Arpan Rana

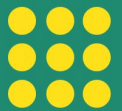

Daisai AG Church ITI.....!!!!!! The name itself speaks when we think about Technical Education . A pioneer Technical institution in the District of Purba Medinipur established in the year 2017 by the Daisai AG Church Welfare Mission & Balasore Technical School- continues its ministry beyond 5 years for the uplift of the Young Generation in the state of West Bengal. I am proud to be part of this empowering mission; sacrificially and generously started by the Missionaries , We are simply following the footsteps and building on the foundation laid by the dedicated Missionaries who had established and run this institution. As we are marching towards globalization, new techniques and Technology are inevitable and every youth should be competitive enough to run in the race to win the goal... We are aiming to achieve Total Quality and Total Productivity as an inclusive effort - Being focused on Jesus Christ as Centre Point, trying to empower and motivate the youth with Christian values and discipline.

Mission Secretary Message

Rev Utpal Rana

Education has no boundary and the same makes more perfect. In the present global scenario Technical Education has become very much essential to compete with all developed nations like USA, USSR, China etc. India being one of the progressive country for its all round development the Government has given more stress on Technical Education. Daisai AG Church ITI is one of the unique leading Technical Institution among others in all branches of engineering & technology under one roof to wake it easier for the students to explore, interact and make the right career. It gives enough job opportunities for its quality.
