Is Jesus the real name of Messiah?

The name Jesus IS NOT A HEBREW NAME. It is of Latin in the original form of Iesus.

Iesus is adapted from the Greek, which is the masculine form of the GREEK GODDESS of HEALING, who was also known as Ieso.

"This Jesus is none other than Ieso or Iesus whom they call Christ in the Greek was also related to the "SUN-GOD" Apollo.

It was the same Constantine that DEMANDED from the newly formed Roman Catholic Church to CHANGE the SEVENTH DAY SABBATH WORSHIP to SUNDAY WORSHIP for Christians.

Therefore; The name Iesus (Jesus), was derived from Ieso, that can be traced back to a "SUN GOD" worship.

Also, the sons of Zeus (the SKY GOD) had variations of that name-Iesus, Iasion, Iasius

Just as Ieso, Ieso, Iesus are derived from the Greek word for the healing "iasis", we find Isis (Esi) and her son Horus (HER) were regarded as healing deities also.

The abbreviated form of Iesus is Ies or I-H-S (In Greek the capital e is H).

MANY DICTIONARIES ADMIT that I-H-S is the abbreviation for Iesus (Iesus).

The second factor was the strong anti-Judaism feeling that prevailed amongst the Gentiles. They wanted a saviour, but not a Jewish one.

According to Wörterbuch der Antike, the substitute name can be traced back to the Latin Iesus and the Greek Iesus.

Then, it can be traced back to an adaptation of the name of the Greek healing goddess Ieso. The Greek-English Lexicon Of Liddell and Scott, confirm this.

To Greeks who venerated a healing goddess Ieso, a saviour Iesus must have been most acceptable, suggests a writer in Philologische Wochenschrift.

The father Of the Greek goddess Ieso was Asclepius, the deity Of healing. The father Of Asclepius was Apollo, the great sun-deity.

Thus, the name Iesus can be traced back to sun-worship. There is also a relationship to the Egyptian goddess Isis and her son Iesu.

According to Reallexikon der Ägyptischen Religionsgeschichte, the name of Isis appears in hieroglyphic inscriptions as ESLI or ES.

Iesu and Esu sound exactly like "Jesu" that the Saviour is called in the translated Scriptures Of many languages.

Esus was a Gallic deity comparable to the Scandinavian Odin.

The Greek abbreviation for Iesus is IHS, which is found on many inscriptions made by the Church during the middle Ages. IHS was the mystery name of Bacchus (Tammuz), another sun-deity.

Tammuz was the returning SUN god and his symbol was a fish. The birth of the returning SUN god is December the 25th. He was worshiped on the first day, "Sunday", of each week.

The early Catholics translated Greek Iesous to Latin Je-Zeus then shorten it to Jesus. Tammuz is the sun god of the land of Chaldea.

Temple of Isis was in Rome, where early Christian's worshipped Serapis. Isis's son's name was Isu. Isis was written by hieroglyphs with 'ESU' or 'ES'.

This Isu or Esu is pronounced as Iesu or Jesu, so Jesus Chrestus's first name may be from the sect of Isis under his leadership.

Name of Jesus was originally written as ISUS. In Nicaeanian reforms old form, Isus, was forbidden and Jesus was taken in use for the liturgy as in Greek translations.

Before that the Eastern Church had used Isus as name of Jesus and this form was especially used by the Old Believers.

Isus was mixed continuously with Isis in old texts, so probably that is why name got changed into Greek form as Jesus.

Now, if we remember, firstly, that the names of IESUS in their different forms, such as Iasius, Iasion, Jason and Iasus, were very common in ancient Greece,

especially among the descendants of Iasius (the Jasides), as also the number of the "sons of Iaso," the Mystoi and future Eoptai (Initiates),

The secret doctrine teaches that the first two words [IESOUS CHREISTOS] mean simply "son of Iaso, a Chrestos," or servant of the oracular God.

Indeed IASO is in the Ionic dialect IESO and the expression Iesous — in its archaic form, [IESOUS] — simply means "the son of Iaso or Ieso, the "healer," i.e., [ho Iesous].
