Professional Pre-sales Team

With in-depth market knowledge, progressive & technologically savvy team; we provide technical assistance and guidance during the pre-sales process by identifying customer's requirements prior to designing a solution. This includes consulting with technical teams about capabilities, supporting business sales teams and account managers on both technical and commercial proposal activities.

AV Installation Team

Our specialized installation team has an attention towards every minute detail adhering to a high standard of work compliance. We strictly ensure that systems are installed and are working at optimum levels meeting all quality parameters and client expectations.

Design Team

Continuously investing in its technical expertise to match the ever changing technology, our design team strives for excellence in research and development of technological innovation and application diversification to bring forth a solution that is best suited to your requirements.

After Sales Service Team

We are passionate about what we do and have built a desirable reputation for delivering service and quality. Armed with our in house service team we extend this support to maximize the up-time and running years of the equipment and solution provided.

AV Programmers

This supremely efficient technical back-up has played a major role in hassle-free operations of system-solution in various high profile and prestigious projects. Our Programmers continue to strongly support the implementation team ensuring all on field works carried out outshines industry standards.

AMC Services

Backed by an experienced team of professionals, we have been rendering unbeatable AMC Maintenance Services. Our objective is to provide fast, efficient, and affordable services to customers by trained engineers.

Service and support

SUPPORTING YOUR AUDIO-VISUAL ENVIRONMENTS

As a leading audio-visual systems company responsible for some of the world's most complex and high-profile AV installations, Elite Digital Solutions is uniquely positioned to meet your individual requirements and challenges, 365 days a year. Keep your equipments at optimum performance by servicing it at the Elite Service Centre. Our primary goal is to get your AV/ IT equipment repaired professionally and return it to you as quickly and as soon as possible.

Why Elite Service and support?

- ✦ Extend the life of your technology investment
- ✦ Maximize the reliability and performance of your equipment
- ✦ Lower your operational costs
- ✦ Keep critical operations running with emergency support
- ✦ Professional and trained staff with over 5 years of experience
- ✦ Authorized service and warranties supported by partners

Maintenance & Repair

- 4 **Annual Preventive Maintenance Care** – A well-managed preventive maintenance program extends the life of your equipment and minimizes downtime and repair costs. Periodic professional calibration can also optimize the image quality of your projectors and displays. We also undertake cleaning and replacement of filters and lamps, inspection of cables and connections, updating firmware, and adjusting convergence to the original specification.
- 4 **Equipment Repair** – Our dedicated service centres ensure priority turnaround. Where practical and available, a replacement or repair can be provided to ensure that there is little or no downtime.

Spare Parts & Services

Looking for spares & parts for your projector, printer, scanner or digital signage; we provide them from our authorized distributors list at significant discounts in the event you need to have an urgent backup.

Facility Management

Support requirements are ever changing. With new technology bringing in its wake stronger links between AV and IT, certain organizations can't afford to have standalone AV support. That's where we come to the rescue. We provide AV support services from single to multi-site portfolios of all sizes, shape and form.

AV & IT Support

We provide guaranteed response time for phone / email support and prioritize response on service calls.

Warranty Service

Our policy is to perform warranty service on products purchased from an Authorized Dealer. If purchased from unauthorized sources, our product warranty program will not be valid.

Annual Maintenance Contract

We offer Comprehensive & Service Only AMC after doing a site survey. The service contract includes regular scheduled maintenance for all systems and equipment at an agreed service level and cost.

Warranty Claims

Should your product be covered, we provide assistance by claiming warranty from our list of authorized distributors.
