

I really want to have the buffet but because of work I can't get there until after 7:00.
No problem. The buffet will remain open until 8:00.

I have some difficulty handling a plate in a buffet line.

No problem, the staff of the Elks will be happy to assist you or even bring your dinner to your table.

I have a group, but one person has a dietary restriction and must eat before arriving, can we all sit together?

Certainly. While we encourage everyone to enjoy the entire evening including the dinner, we recognize there may be reasons some members of your party may opt out of the meal. Please make your wishes clear when you place your order.

This seems like a very good price for everything being offered. Will we be asked to pay taxes and gratuity?

It really is a VERY good value! The price includes tax and gratuity! However, there will be a cash bar and tipping the bartender is always welcome.

If I order a seat for 'just the show', will I be able to order food?

No, there will not be any 'ala carte' dining options available. However, there will be a cash bar available all evening.

If I choose to purchase seats for 'just the show', will I be able to purchase the buffet once I arrive?

Unfortunately, no. In order to have food prepared in sufficient quantity for everyone, changing your reservation once you arrive will not be possible. If, however, you know several days in advance, you may email me and I will attempt to make the change for you.

I am coming from out of town. Is there a hotel close by?

There is! Park Inn by Radisson at 5401 Carlisle Pike in Mechanicsburg is just 1.3 miles from the Elks. Their phone number is 717-697-0321
