Dear Mr. Robinson:

As a visitor of the Garber Nature Center in Preble County, I am writing to voice my strong support for the Preble County Park District's 2025 NatureWorks grant application (31st Round) for their Garber Nature Center Improvement project of an Environmentally Friendly Restroom.

The Preble County Park District has successfully fulfilled two NatureWorks Grants; however, it has been over a decade since they have received a NatureWorks grant. The second environmentally friendly restroom at the pavilion is very important for the convenience of the visitor experience to this park.

I know that the Park District takes great pride in the maintenance and upkeep of their parks, including the previous pavilion project and the first environmentally friendly restroom constructed with NatureWorks funding over 12 years ago.

I hope you will provide strong consideration for full NatureWorks funding for this deserving project.

Sincerely,

Name
