As I told you last time we met, Sistine, of all the REALTORS® we've dealt with over the years, you have been the best - most professional, friendly, kind and, of course, knowledgeable. ~**Judy & Paul P.**

Hi Sistine & Randy,

We're enjoying our new life here in Tucson, and we're seeing parents and siblings more now than in the last 10 years combined. This house is the center of that, and we credit your savvy in getting us in here.

OMG hi!!! Best of summer to you too!!

Of course you can use us as a reference! Would be sad if you didn't honestly.

It is very refreshing to have truly professional real estate agents looking out for my best interests. You were a pleasure to work with and you checked to see that every 'i' was dotted and every 't' was crossed on the huge pile of paperwork that you managed for me.
