

VTA General Organizer's Report

Dennis Smith
254 Newman Avenue
Aylett VA 23009
804-769-7748

My name is Dennis Smith and I was put in office back in Jan. and it has taken me about 6 months to set down and put some words on paper, I would prefer trapping then writing. For the ones of you that do not know me I live in King William co. but call Lancaster co. my home. I do most of my trapping in King William and the counties around King William. I live fox trap and trap for beavers and otters.

I am all new at this General Organizer job but other then some special jobs that the pres. throws my way from time to time I think that the biggest thing that I need to get done this year is the fur sale. If anyone has any ideas on how to run the sale better please e-mail or call me. If we can find a bigger building then what we had at the last sale ,at the same price then that would help.

Right now the VTA is going thru some hard times with a few different issues. Please make sure that you talk with you leaders in you area when you hear stories that you don't understand or know anything about, make phone calls to the officers of VTA, all of their numbers can be found here on the VTA web.

Have a good day and start to get ready now for next season.
thanks
dennis smith
