

1. EDU Program; Our Reflections of Vietnam Artifact display was taken to six high schools from March through May. Thousands of students were able to view the artifacts we have in the 90-foot display and ask questions of the Veterans. We also go on stage at each high school and give a brief presentation covering where we served and what we did while we were in Vietnam,
2. We are having our annual Vietnam Veterans Fund Drive this weekend. Unfortunately, the weather is not cooperating with us which may reduce the amount of funds we are able to collect. We have enlisted enough members to assist in covering for two days. Members will work 3-hour shifts starting at 9:00 a.m. each day collecting donations for the many Veteran projects that we support as a Chapter.
3. Some of our nursing home visits with Veterans took place over Memorial Day weekend and many more will be happening in November around Veterans Day.
4. Our Reflections of Vietnam display was highlighted at the Veterans Symposium (Mission Possible) at the Fox Cities Convention Center on May 10th and 11th. The Symposium was put on by Outagamie, Winnebago and Calumet County Veterans Service Officers in an effort to assist Veterans in finding answers to their issues, finding jobs and getting health care. Thousands of Veterans visited during the two-day session.
5. On Tuesday, June 25th, our Chapter will be celebrating it's 35th Anniversary in existence.
