

## Porsche 356 A Speedster 1957

Purchased from European collectibles located in California and delivered with a Certificate of Authenticity. Porsche has built only 575 cars of this Model in 1957. 2 previous owners from the same family from California are known. We owned this car since 2005 and bought it with 131620 miles. Now we are willing to sell this excellent, immaculate car to a Porsche lover.

On our behalf the car was completely restored by professionals. The engine, transmission, steering, suspension, and brakes have all been rebuilt professionally and fully detailed by the well known Kirk Stowers, the 356 Expert for engines from Melbourne in 2007/2008: miles before rebuilt engine 132581 and today in 2019, 132.992 miles. So after rebuilt the car has been driven only 411 miles.

A high-quality restoration in 2009/2010, (executed by the German professional guy, Mr Matt, from Better-Bodys in Edgewater, FL), which included a complete dis-assembly of the car, body preparation to bare metal. The undercarriage and trunk was completely overhauled, show quality paint, finished in Ruby Red, it's the original color.

During re-assembly, all new rubber components, windshield, restored instruments, Interior including carpets. All bright-work was re-plated, polished and reinstalled.

Since restoration the car was always stored in an air-conditioned garage.

The car was brought on our trailer to Homestead, FL and winning the National Award, second place for greatest cars in 2010. The car was treated like a museum model, since complete restoration.

Offered with tools, jack, spare tire, side curtains and boot cover.
