

Porsche 930 Turbo Convertible

Build Year: 1989

Model: Porsche 930 Turbo CONVERTIBLE

No. Of Cylinders H6 / 3299ci

Body color Black

Color of Int. Black

ORIGINAL MILAGE: **37135**

Exciting eminently collectible turbocharged version of Porsche's rear-engine 911. So heavily re-engineered as to merit a separate type number, 930 Turbo and as a Convertible edition.

This car is special in several ways.

Firstly, it's a fairly rare car Porsche 930 Turbo

Secondly it is built as an Turbo Convertible car

Thirdly it was never exported from Porsche Europe to the United States of America.

I bought this car myself from the Porsche Dealer in Germany, the color exterior and the Leather interior was custom maid in Raff-leather, seats front and back.

The gear lever is built in a short version

5 speed transmission

Air condition

Radio Berlin

I am the only known owner who had imported this unique Porsche 930 turbo convertible to the United States of America, respecting the US NHTSA and an importer recognized by EPA.
