

Fawn is an amazing ISR swim instructor, and I would recommend her to everyone. I cannot thank her enough for showing my 16-month-old the skills he needs to survive if he were to fall in the water. The entire course Fawn was so flexible and was able to work around my schedule to make sure my son was able to get all his sessions in. My son in the beginning of ISR training would cry during each session but Fawn was so caring and gentle with him that I was never worried. As the training sessions went on my son stopped crying and soon was laughing, clapping, and even wanted Fawn to give him high fives every time he correctly floated on his back. It was amazing to see the change in my son and watching him enjoy doing something that could potentially save his life. I am so grateful to have met Fawn and I can't wait for my son to continue working with her as he gets older. Thank you again for everything you have done for my family.

Thank you,
