

Sported Membership

29th April 2021

Sported UK are the UK's largest network of community groups supporting half a million young people to overcome barriers to reach their full potential.

Their role is to empower the local heroes running these groups by providing much needed professional expertise, resources, and operational support, free of charge, to help their group survive and thrive.

We are pleased to announce that we have been accepted to be members of Sported UK and we look forward to working with them.

Social Media Blackout

The importance of standing together in the fight against online racist abuse is never more so important than right now. So, we have taken decision to support the Kick It Out campaign alongside the FA, Premier League and many more in a social media blackout from Friday 30th April to Monday 3rd May. Our support services will not be affected, and we will continue to check our messages.

We launched a new workshop this month that looks at Suicide Prevention through three lenses. Awareness, Intervention and Postvention. It was great to have six.

fabulous attendees from clubs such as The Aston Villa Foundation, Ipswich town, Wigan Athletic, Shrewsbury Town. Mansfield Town and TSG Sports management company.
